

Contracts No. 4400005891, 4400005892, 4400005893 & 4400005894  
Retainer Contracts for Safe Routes to Schools (SRTS)  
And Local Road Safety Program (LRSP)  
Statewide

Questions & Answers

- Q1. Regarding the subject contracts, under the “Project Description” it states that “the selected Consultant will perform engineering and related services to prepare preliminary and final plans for selected sidewalk and minor road projects, perform construction engineering, inspection and testing services....”. For the testing services, would you like the consultant to provide a material testing sub-consultant to fulfill that project requirement?
- A1. The CE&I consultant/sub will conduct all sampling/field tests associated with the certifications listed in the minimum requirements and the District Lab will perform the lab test.
