

**September 11, 2014**

**CONTRACT NO. 4400005022  
STATE PROJECT NO. H.010116  
F.A.P. NO. H010116  
LA 1088 CORRIDOR STUDY  
ROUTE LA 1088  
ST. TAMMANY PARISH**

**QUESTIONS AND ANSWERS**

Q1.) Is there a specific reason why one of the requirements is the Principal having ten years NEPA experience? Should the complexity be simple?

A1.) Ten years is what Environmental requires. Yes, this project is simple. This is not a complex job.

Q2.) Does DOTD expect our noise and air analyses to consider only those land uses within the project length, or will we be expected to analyze potential noise impacts for the entire study area? Is the state lump sum for the project based on studying the 3.5 miles or the 11 miles?

A2.) For the areas outside of the project length, we are really looking for noise contour that we can use for planning purposes. We would like to see the distance from the roadway for the 66 dBA impact and the 71 dBA impacts, either in a table or in a figure with contour lines.

Q3.) Can the Highway Safety Manual Online Overview FHWA-NHI-380106 course be approved to meet requirement (i) in the advertisement?

A3.) No, it is not an equivalent course.

Q4.) Would the DOTD Highway Safety Manual Workshop conducted November 30 - December 01, 2011 be considered an equivalent to the required course?

A4.) Yes
