

August 31, 2017

**Contract No. 4400012323**  
**State Project No. H.004100**  
**I-10: LA 415 to Essen Lane on I-10 and I12**

Q1. ROW is not included in the original scope or noted as additional services under a supplemental for future engineering. Is this correct?

A1. Yes, this correct. ROW will be part of the Phase 5 design packages to be determined at a later date.

Q2. Normally, we see a statement that a drainage map is or is not required. We don't see either. Please clarify.

A2. Drainage map is not required for this contract.

Q3. Are test holes on 4 inch or greater diameter utilities crossing an alignment included within the scope of services?

A3. Not included, test holes, if needed will be included by supplemental agreement. QLB included throughout.
