Questions & Answers

Q1. In the Minimum Personnel Requirements, can one person perform tasks 2 and 2a?

A1. Yes one person can perform both tasks, as long as the person has all the required experience listed.

Q2. Will DOTD modify the requirement for 3e to state “or” in lieu of “and” the Architect of Record for this requirement?

A2. The minimum qualification for 3e shall remain the same as stated. It is required to have a professional Architect to stamp the architectural design and drawings.

Q3. In the Minimum Personnel Requirements,
3.i - 3.k

This requires the Prime and or Sub-Consultant to have 3 Professional Land Surveyors. The "practice of land surveying" is defined by the Licensure Law, in part, as follows: "Practice of land surveying" shall include the measuring of areas, land surfaces, streams, bodies of water, and swamps for correct determination and description, for the establishment, reestablishment, ascertainment, or description of land boundaries, corners, divisions, distances, and directions, the plotting and monumenting of lands and subdivisions thereof, and mapping and topographical work. (La. R.S. 37:682(13))

Would the following be considered sufficient for minimum requirement 3.j be changed to read: One Underwater Acoustic Imaging Project Manager (Hydrographer) with a minimum

of five years of experience in managing and conducting underwater acoustic hydrographic surveys; including two years of technical supervision of surveying, and two years of field experience. The Hydrographer must be well versed in undertaking hydrographic surveys as related to inshore environments using the latest state-of-the-art equipment. The support staff must also have the necessary equipment to complete the above mentioned tasks.

Would the following be considered sufficient for minimum requirement 3.i be changed to read: One 3D Laser Scanning Project Manager with a minimum of two years of experience in managing and conducting 3D laser scan surveys; including one years of technical supervision of surveying, and one years of field experience. The Project Manager must be well versed in 3D Laser Scanning using the latest state-of-the-art equipment. The support staff must also have the necessary equipment to complete the above mentioned tasks.

- A3. The Minimum Qualifications will stay as stated, however it is not intended to require three people to meet the requirements. It is ok if one person can meet all requirements.
