

**ADVERTISEMENT FOR ENGINEERING AND RELATED SERVICES  
JUNE 23, 2023**

**CONTRACT NO. 4400027349  
STATE PROJECT NO. H.003931.6  
FEDERAL AID PROJECT NO. H0101212  
CALCASIEU RIVER BRIDGE (HBI) (CE&I)  
ROUTE: I-10  
CALCASIEU PARISH**

**DBE GOAL = 10%**

Under the authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues this advertisement for consulting firms to provide engineering and related services. **Consultants who are a Louisiana or foreign LLC or corporation should be appropriately registered with the Louisiana Secretary of State, as contemplated by Title 12 of the Louisiana Revised Statutes, and with the Louisiana Professional Engineering and Land Surveying (LAPELS) Board under its rules for firms. If a consultant is not in good standing in accordance with those provisions, it may be subject to consequences contemplated in Title 12 and/or the LAPELS rules. All requirements of LAPELS must be met at the time the proposal is submitted. Prime consultants must be registered with the Louisiana Secretary of State and the Federal Government, using SAM.gov, prior to contract execution.**

One (1) proposal will be selected for the contract solicited per this advertisement. Only one (1) DOTD Form 24-102 proposal is required for this advertisement, and it represents the prime consultant's qualifications and those of any and all sub-consultants proposed to be used for the referenced contract(s). All identifying contract number(s) should be listed in Section 2 of the DOTD Form 24-102. **USE THE 44-27349 Calcasieu River Bridge Custom 24-102 DOTD Form, DATED JUNE 2023, PROVIDED WITH THE ADVERTISEMENT.**

Any questions concerning this advertisement must be sent in writing to [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov) no less than 48 hours (excluding weekends and holidays) prior to the proposal deadline.

Consultants with the capacity to serve as the prime consultant for this work may request copies of the P3 RFP documents in writing to [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov). Such consultants will be required to complete confidentiality forms prior to receiving the information.

### **SCOPE OF SERVICES**

The general tasks to be performed by the consultant for this contract are described more specifically in Attachment A, which is incorporated herein by reference.

The consultant shall perform the work in accordance with the requirements of this advertisement and the resulting contract. Deliverables shall be in such format as required in Attachment A. The work performed by the consultant shall be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances.

**MINIMUM PERSONNEL REQUIREMENTS (MPRs)**

The requirements set forth in Attachment B must be met at the time the proposal is submitted.

**EVALUATION CRITERIA**

The criteria to be used by DOTD in evaluating responses for the selection of a consultant to perform these services are listed below:

1. firm experience on similar projects, weighting factor of three (3);
2. staff experience on similar projects, weighting factor of four (4);
3. firm size as related to the project magnitude, weighting factor of three (3);
4. past performance on similar DOTD projects, weighting factor of six (6)\*;
5. current work load with DOTD, weighting factor of five (5);
6. approach and methodology, weighting factor of nine (9) (NOTE: 8 PAGES ALLOWED).

\*The consultant is to identify in the table below those evaluation disciplines consistent with the approach and methodology proposed in Section 18 of the DOTD Form 24-102.

**THE FOLLOWING TABLE MUST BE COMPLETED AND INCLUDED IN SECTION 12 OF THE DOTD FORM 24-102 PROPOSAL.**

<p><b>Sub-consultants are allowed to be used for this proposal.</b> Fill in the table by identifying only those evaluation disciplines consistent with the approach and methodology proposed in Section 18 of the DOTD Form 24-102*, the name of each firm that is part of the proposal, and the percentage of work in each past performance evaluation discipline to be performed by that firm. The percentage estimated for each evaluation discipline is for evaluation purposes only and will not control the actual performance or payment of the work. The percentages for the prime and sub-consultants must total 100% for each past performance evaluation discipline, as well as the overall total percent of the contract. (Add rows and columns as needed)</p>							
Past Performance Evaluation Discipline(s)	% of Overall Contract	Prime	Firm B	Firm C	Firm D	Firm E	Each Discipline must total to 100%
							100%
							100%
							100%
<p>Identify the percentage of work for the <b>overall contract</b> to be performed by the prime consultant and each sub-consultant.</p>							
Percent of Contract	100%						-----

\*The past performance evaluation disciplines are: Road, Bridge, Traffic, CE&I/OV, Geotech, Survey, Environmental, Data Collection, Planning, Right-of-Way, CPM, ITS, Appraiser and/or Other (please specify).

## **Contract No. 4400027349**

If sub-consultants are used, the prime consultant can perform less than 50% of the work, but none of the sub-consultants can perform a larger percentage of the overall contract than the prime consultant.

Proposals will be evaluated as set forth in the “Evaluation Criteria” section of this advertisement. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of one (1) through five (5). The rating will then be multiplied by the corresponding weighting factor. The rating in each category will then be added to arrive at the proposal’s final rating.

DOTD’s Project Evaluation Team (PET) will be responsible for performing the above described evaluation, and will present a shortlist of the three (3) (if three are qualified), highest rated consultants to the Secretary of DOTD. The Secretary will make the final selection.

### **COMPLIANCE WITH SUPPLEMENTAL ETHICS REQUIREMENTS**

DOTD has established supplemental ethics requirements applicable to consultants and PET members. These requirements are found in the “Supplemental Ethics Requirements” article of the sample contract linked to this advertisement, which are incorporated herein by reference. Any firm that is found to have violated these requirements may not be considered for this selection.

**By submission of a proposal to perform services pursuant to this advertisement, the consultant agrees to comply with DOTD’s Supplemental Ethics Requirements.**

### **RULES OF CONTACT UPON ADVERTISEMENT**

DOTD is the single source of information regarding the contract selection. Any official correspondence will be in writing, and any official information regarding the contract will be disseminated by DOTD’s designated representative via the DOTD website. The following rules of contact will apply during the contract selection process, commencing on the advertisement posting date and ceasing at the time of final contract selection. Contact includes face-to-face communication, the use of a telephone, facsimile, electronic mail (email), or formal or informal written communications with DOTD. Any contact determined to be improper, at the sole discretion of DOTD, may result in the rejection of the proposal (i.e., DOTD Form 24-102).

Consultants and consultant organizations shall correspond with DOTD regarding this advertisement only through the email address designated herein; [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov) and during DOTD sponsored one-on-one meetings.

No consultant, or any other party on behalf of a consultant, shall contact any DOTD employee, other than as specified herein. This prohibition includes, but is not limited to, the contacting of: department, office, or section heads, project managers, members of the evaluation teams, and any official who may participate in the decision to award the contract resulting from this advertisement.

DOTD will not be responsible for any information or exchange that occurs outside the official process specified above.

**By submission of a proposal to perform services pursuant to this advertisement, the consultant agrees to the communication protocol herein.**

### **PROJECT TIME**

The overall time for the completion of the scope of services is estimated to be **10 years**.

### **COMPENSATION**

The compensation payable to the consultant for all services rendered in connection with this contract is estimated to be in excess of **\$50,000,000**. This estimate will be used for grading purposes only. Actual compensation will be determined by DOTD based on work hours negotiated between DOTD and the selected consultant. Within fifteen (15) calendar days of notification of selection, a kick-off meeting will be held with the selected consultant and appropriate DOTD personnel. The selected consultant will be required to submit a work hour proposal within thirty (30) calendar days following the notification of selection. All negotiations must be completed within the timeframe set forth in the Consultant Contract Services Manual.

Payment will be made based on negotiated specific rates of compensation.

### **DIRECT EXPENSES**

To the extent that the consultant is allowed to claim reimbursement for direct expenses, all direct expense items that are not paid for in the firm's indirect cost rate, and are, needed and will be consumed during the life of the contract must be identified by the consultant during contract development. The acquisition or rental of standard equipment or resources to be used in the provision of services rendered for this contract will not be considered for payment under direct expenses (e.g., vehicles for construction engineering and inspection (CE&I) inspectors).

The consultant should own most of the equipment required to provide the work and services. The cost of this equipment should be included in the consultant's indirect cost rate. Equipment may be considered "specialized" if it cannot be considered standard equipment for that particular consultant's normal operating business needs. If a consultant believes special equipment is needed for the contract, the consultant must inquire through the Question and Answer process, as provided herein, whether the identified item will be considered specialized equipment for the individual contract.

All travel related expenses will be compensated under direct expenses, and will be in accordance with the most current Louisiana Office of State Travel regulations as promulgated in the Louisiana Administrative Code under the caption "PPM No. 49", with the exception that compensation for vehicle usage will be based on actual miles traveled directly and exclusively related to project needs. Vehicle rental rates will require prior approval from the PM.

## CYBERSECURITY TRAINING

In accordance with La. R.S. 42:1267(B)(3) and the State of Louisiana's Information Security Policy, if the Consultant, any of its employees, agents, or sub-consultants will have access to State government information technology assets, the Consultant's employees, agents, or sub-consultants with such access must complete cybersecurity training annually, and the Consultant must present evidence of such compliance annually and upon request. The Consultant may use the cybersecurity training course offered by the Louisiana Department of State Civil Service without additional cost or may use any alternate course approved in writing by the Office of Technology Services.

For purposes of this Section, "access to State government information technology assets," means the possession of credentials, equipment, or authorization to access the internal workings of State information technology systems or networks. Examples would include but not be limited to State-issued laptops, VPN credentials to credentials to access the State network, badging to access the State's telecommunications closets or systems, or permissions to maintain or modify IT systems used by the State. Final determination of scope inclusions or exclusions relative to access to State government information technology assets will be made by the Office of Technology Services.

## QUALITY ASSURANCE/QUALITY CONTROL

DOTD requires the selected consultant and all sub-consultants to develop a Quality Assurance/Quality Control (QA/QC) program in order to provide a mechanism by which all deliverables will be subject to a systematic and consistent review. The selected consultant shall address in its plan the review of all sub-consultant work and deliverables. **Only the selected consultant must submit their QA/QC plan to the DOTD PM within 10 business days of the award notification to the consultant (do not include QA/QC plan in the DOTD Form 24-102).** Consultants must ensure quality and adhere to established DOTD policies, procedures, standards and guidelines in the preparation and review of all deliverables. DOTD may provide limited input and technical assistance to the consultant. Any deliverables to be transmitted by the consultant shall be transmitted with a DOTD Quality Assurance/Quality Control Checklist, and a certification that the deliverables meet DOTD's quality standards.

If Attachment A includes specific QA/QC requirements that contradict those set forth above, the requirements in Attachment A control.

## TRAFFIC ENGINEERING PROCESS AND REPORT TRAINING REQUIREMENTS

As part of DOTD's on-going commitment to high quality traffic engineering reports, a traffic engineering training course must be taken by traffic engineering PEs and EIs in order to be eligible to work on DOTD projects. When traffic is included as a discipline on which past performance is evaluated, for consultants performing traffic engineering services (i.e., traffic analysis throughout all DOTD project stages and/or QC of traffic analysis), appropriate personnel must successfully complete the three (3) modules of the Traffic Engineering Process and Report Course offered by Louisiana Transportation Research Center (LTRC). This Course must be completed no later than the time the proposal is submitted or show proof of registration for the Course from the LTRC's Registration site. **Copies of training certificates or proof of registration are to be included in**

**Section 20 of the proposal.”** It will be the prime consultant’s responsibility to ensure their staff and sub-consultants complete the training. Copies of training records may be obtained from the LTRC website <https://registration.ltrc.lsu.edu/login>.

### WORK ZONE TRAINING REQUIREMENTS

As part of DOTD’s on-going commitment to work zone safety, required work zone training courses must now be taken every four (4) years in order for personnel to remain eligible to work on DOTD projects. For consultants performing preconstruction services (*e.g.*, design, survey, subsurface utility, geotechnical, traffic, bridge inspection, environmental services), appropriate personnel must successfully complete these courses. In general, the person in responsible charge of traffic control plans shall be required to have Traffic Control Supervisor training. For preconstruction field services performed within the clear zone, at least one (1) member of the field crew shall have Traffic Control Supervisor or Traffic Control Technician training. The consultant should identify all personnel listed in the staffing plan **(Section 14)** for the contract who have completed the appropriate work zone training courses. All preconstruction work zone training requirements shall be met **prior to contract execution**. It will be the prime consultant’s responsibility to ensure their staff and sub-consultants have the appropriate work zone training.

In addition to the above requirements, if the Scope of Services set forth in Attachment A includes Construction Engineering and Inspection (CE&I), the following training requirements shall be met **at the time the proposal is submitted**:

Field Engineers:	Traffic Control Technician Traffic Control Supervisor Flagger
Field Engineer Interns:	Traffic Control Technician Traffic Control Supervisor Flagger
Field Senior Technicians, Survey Party Chiefs, and SUE Worksite Traffic Supervisors*:	Traffic Control Technician Traffic Control Supervisor Flagger
Other Field Personnel*:	Traffic Control Technician Flagger

\* excluding Asphalt Plant Inspector, Paint Managers, and Paint Inspectors

Approved courses are offered by ATSSA and AGC. Substitutes for these courses must be approved by the DOTD Work Zone Task Force. For more information, please contact DOTD HQ Construction at 225-379-1584. Specific training course requirements are:

Flagger:	Successful completion every four (4) years of a work zone flagger course approved by the Department. The “DOTD Maintenance Basic Flagging Procedures
----------	--

Workshop” is not an acceptable substitute for the ATSSA and AGC flagging courses.

Traffic Control Technician (TCT): Successful completion every four (4) years of a work zone traffic control technician course approved by the Department. After initial successful completion, it is not necessary to retake this course every four (4) years if Traffic Control Supervisor training is completed every four (4) years.

Traffic Control Supervisor (TCS): Successful completion of a work zone traffic control supervisor course approved by the Department. Following an initial completion, traffic control supervisors must either complete a one (1)-day TCS refresher course or retake the original two (2)-day TCS course every four (4) years.

ATSSA contact information: (877) 642-4637

**\*\*\*ALL WORK ZONE TRAINING CERTIFICATIONS MUST BE ACTIVE\*\*\***

### CONTRACT EXECUTION REQUIREMENTS

The selected consultant will be required to execute the contract within ten (10) days after receipt of the contract.

A sample of the contract provisions can be found at the following link: [http://wwwsp.dotd.la.gov/Inside\\_LaDOTD/Divisions/Engineering/CCS/Pages/Advertisements.aspx](http://wwwsp.dotd.la.gov/Inside_LaDOTD/Divisions/Engineering/CCS/Pages/Advertisements.aspx).

### DISADVANTAGED BUSINESS ENTERPRISE REQUIREMENT

This advertised contract has a Disadvantaged Business Enterprise (DBE) goal of **10%** of the contract fee. Credit for DBE participation will be limited to the firms certified pursuant to the Louisiana Unified Certification Program. For convenience, DOTD provides a list on its website (<http://www8.dotd.la.gov/UCP/UCPSearch.aspx>) of firms that have been certified as eligible to participate as DBEs on US DOT assisted contracts. This list is not an endorsement of the quality of performance of any firm but is simply an acknowledgment of the listed firms’ eligibility as a DBE. DOTD makes no representations of the accuracy or completeness of this list on any particular date or time. Prime consultants considering the use of a particular DBE sub-consultant are advised to obtain documentation of certification status from that sub-consultant prior to submission of DOTD Form 24-102.

Prime consultants must specify by firm name in Section 11 on the DOTD Form 24-102 all DBE firms which the prime intends will participate in providing services under the contract to meet the DBE goal and indicate for each the percent of the contract fee for the services that will be performed by each specified DBE firm. If the prime did not succeed in obtaining enough DBE

participation to meet the goal, it must attach to the DOTD Form 24-102, behind Section 23, documentation of its good faith efforts to meet the goal.

### **REVISIONS TO THE ADVERTISEMENT**

DOTD reserves the right to revise any part of the advertisement by issuing addenda to the advertisement at any time. Issuance of this advertisement in no way constitutes a commitment by DOTD to award a contract. DOTD reserves the right to accept or reject, in whole or part, all DOTD Form 24-102s submitted, and/or cancel this consultant services procurement if it is determined to be in DOTD's best interest. All materials submitted in response to this advertisement become the property of DOTD, and selection or rejection of a proposal does not affect this right. DOTD also reserves the right, at its sole discretion, to waive administrative informalities contained in the advertisement.

### **CLARIFICATIONS**

DOTD reserves the right to request clarification of ambiguities or apparent inconsistencies found within any proposal, if it is determined to be in DOTD's best interest.

### **PROPOSAL REQUIREMENTS**

The consultant's proposal for this advertisement must be submitted by email to [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov). **USE THE 44-27349 Calcasieu River Bridge Custom 24-102 DOTD Form, DATED JUNE 2023, PROVIDED WITH THE ADVERTISEMENT.** Hard copies of the consultant's proposal are not required. All proposals must be in accordance with the requirements of this advertisement, and the Consultant Contract Services Manual. Unless otherwise stated in this advertisement, copies of licenses and certificates are not required to be submitted with the proposal.

If more than one (1) contract is to be selected based on this advertisement, no prime consultant is allowed to be a sub-consultant on any other consultant's 24-102. If a prime consultant is submitted as a sub-consultant on another consultant's 24-102, its proposal as a prime consultant may be deemed non-responsive.

**ANY CONSULTANT FAILING TO SUBMIT ANY OF THE INFORMATION REQUIRED ON THE DOTD FORM 24-102, OR PROVIDING INACCURATE INFORMATION ON THE DOTD FORM 24-102, MAY BE CONSIDERED NON-RESPONSIVE.**

DOTD employees may not submit a proposal, nor be included as part of a consultant's proposal.

Contract and/or part-time employees are allowed. Such employees should be shown in Section 14 of the DOTD Form 24-102 with an asterisk denoting their employment status.

The DOTD Form 24-102 **PDF file shall be labeled** "Contract No. 4400027349, Consultant's name", and must be received no later than 3:00 p.m. Central Time by [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov) via email on Thursday, July 20, 2023. **The PDF file must be**

attached in the email or as a hyperlink in the email or as an email through third-party file transfer websites such as Dropbox or WeTransfer.

Please note that delivery failure may occur on email files exceeding 30MB uncompressed. In addition, all emails are scanned for cybersecurity threats prior to delivery to [DOTDConsultantAds80@la.gov](mailto:DOTDConsultantAds80@la.gov); **therefore, allow sufficient time** for this process to take place when submitting your proposal.

## ATTACHMENT A – SCOPE OF SERVICES

The project time is critical.

**Personnel performing Task 2: Design Support Services will be considered home office personnel along with the closeout process and all clerical work. Personnel performing Task 3: Construction Support Services will be considered field office personnel. Personnel primarily performing other listed Tasks will be considered on a case-by-case basis.**

### **PROJECT DESCRIPTION**

The scope of this private-public partnership (P3) project is to design and construct improvements to I-10 between the I-10/I-210 west interchange and the North Lakeshore/Ryan Street interchange in Calcasieu Parish, LA. Improvements include widening and/or replacement of interstate roadways, ramps, and service roads; full or partial interchange reconfigurations at I-10/I-210, PPG Drive, Sampson Street, and North Lakeshore/Ryan Street; and replacement of interstate bridges, including the I-10 Bridge over the Calcasieu River. The project length is approximately five and one-half miles.

### **TASK 1: CONTRACT ADMINISTRATION**

1. The Consultant shall assign a fulltime-consultant Project Manager to this project. The Consultant Project Manager shall serve as the DOTD Project Manager's designee in administration of the Contract Documents as directed.
2. The Consultant shall be thoroughly familiar with the Final Request for Proposals (RFP) and the selected Developer's Proposal, the combination of which shall ultimately become the Contract Documents between the selected Developer and the Louisiana Department of Transportation and Development (DOTD).
3. The Consultant shall provide assistance and support to the DOTD Project Manager to ensure that the requirements of the Contract Documents are met.
4. The Consultant shall attend at regularly scheduled meetings related to the project and shall be responsible for all meeting minutes.
5. The Consultant shall adhere to all requirements of the Construction Quality Assurance Program (CQAP) designated as responsibilities of the OV firm.
6. The Consultant shall be available for conferences, visits to jobsites, and/or inspections by DOTD and other authorized representatives.
7. The Consultant shall assign a fulltime-consultant Document Control Manager to this project and shall utilize DOTD's Documentation Databases as required in the CQAP.
8. The Consultant shall review and approve the Developer's Critical Path Method (CPM) for Construction Progress Scheduling submissions for the project in compliance with Contract Documents. The Consultant shall review the logic used within the Developer's CPM schedule (including all updates/changes) and document any dispute of logic for use in possible future owner directed scope changes.
9. The Consultant shall ensure that the construction management software is setup to track materials and quantities for testing, sampling, and facilitating all payment mechanisms included in the Contract Documents.

10. The Consultant shall conduct non-reimbursable training sessions for personnel to receive instructions into the use of the construction management software (approximately four hours) as necessary. DOTD shall provide a qualified instructor for this training.
11. The Consultant shall:
  - a. Keep clear and concise records of the contractual operations;
  - b. Review and recommend approval of payment requests from the Developer; and
  - c. Make weekly progress reports available to the DOTD Project Manager consisting of:
    - i. Work status including outstanding submittals, look ahead schedule, and unresolved issues; and
    - ii. Upcoming meetings.
12. The Consultant shall manage the RFI process and shall maintain records to initiate, substantiate, investigate, track, and recommend remedial procedures and shall verify actions taken with regard to Request for Information (RFI), Change Orders, and Non-conformance Reports (NCR's).
13. The Consultant shall prepare change orders throughout the life of the project. Change orders shall be written by the Consultant and approved through the Department's process. Any proposed changes in plans or in the nature of the work shall be pre-approved in writing by the DOTD prior to the performance of stipulated work.
14. The Consultant shall monitor and document all construction claims in accordance with the appropriate Engineering Directives and Standards Manual (EDSM) and processes established in the Contract Documents, review any claim submittals which may include proposed overhead rates or otherwise requested by DOTD, and provide recommendations on disposition of claims.
15. The Consultant shall review and coordinate with the appropriate DOTD personnel the entire final estimate package, including all document submittals from the Developer in conformance with DOTD requirements.
16. Perform any other activities deemed necessary by the DOTD Project Manager to ensure that the Contract requirements are being met.

## **TASK 2: DESIGN SUPPORT SERVICES**

### **PROJECT OVERSIGHT AND ACCEPTANCE**

The Consultant shall assign a Design Manager, who shall be responsible for Design Acceptance systems, which are to be part of the overall P3 Project's Quality Assurance Program (QAP), in accordance with 23 CFR 637 and the Federal Highways Administration (FHWA) Publication No. FHWA-HRT-12-039.

The Consultant shall assist DOTD with the following:

1. Facilitate Review Processes
  - a. Distribute documents to appropriate parties for review
  - b. Provide in-progress design reviews and audits
  - c. Collect and compile comments
  - d. Monitor, track, and document review progress and timeline

2. Formal Design Acceptance
  - a. Plan and sub-plan approval
  - b. Design Unit milestones and Released for Construction (RFC) plan approvals

Other design support assistance may include, but is not limited to:

- a. Provide support to all DOTD design sections as needed throughout the duration of the P3 project
- b. Audit the Developer's Quality Control (QC) design policies and procedures
- c. Review the Developer's design and plan development
- d. Provide design reviews associated with construction policies or procedures
- e. Provide review, recommendation, and processing of RFIs and Change Orders
- f. Review redline drawings and construction redesign
- g. Review draft agreements with utilities, railroads, and other stakeholders

### **TASK 3: CONSTRUCTION SUPPORT SERVICES**

#### **PROJECT OVERSIGHT AND ACCEPTANCE**

The Consultant shall be responsible for Construction Verification systems, which are to be part of the overall P3 Project's QAP, in accordance with 23 CFR 637 and FHWA Publication No. FHWA-HRT-12-039.

The Consultant shall assist DOTD with the following:

1. Acceptance Inspection
2. Verification Sampling and Testing
3. Monitor/Audit the Developer's CQAP activities related to construction and fabrication. Services include, but are not limited to:
  - a. Monitor the Developer's adherence to the CQAP requirements, and verify compliance with the Developer's Construction Quality Management Plan (CQMP) and QC plans.
  - b. Monitor the receipt and documentation of all materials and fabricated products on the construction worksite.
  - c. Monitor the Developer's collection, submission, and test results of sampled materials in accordance with the Appendix G of the CQAP.
  - d. Provide all personnel, equipment, and materials necessary to perform the required field-testing for quality assurance in accordance with Appendix G of the Project's CQAP. Unless directed to utilize the DOTD District laboratory, the Consultant shall contract with a qualified independent testing laboratory (per 23 CF 637.209) to perform these services.
  - e. Provide all personnel, equipment, and materials necessary to perform the required fabrication inspection in accordance with Appendix G of the Project's CQAP. Unless directed otherwise, the Consultant shall additionally perform fabrication inspection services retained to the DOTD in Appendix G of the Project's CQAP.
4. Review and audit the Developer's "As-Built" plans and final estimate.

**CONSTRUCTION ENGINEERING AND INSPECTION (CE&I)**

The Consultant shall be responsible for the Construction Engineering and Inspection services (CE&I) as required for the construction of the P3 project. The Consultant shall perform all tasks under this contract including, but not limited to the following:

1. Assign a fulltime-consultant Project Engineer (PE) to this project.
  - a) The assigned PE must be knowledgeable of all facets of the Contract Documents, and the Developer's operations.
  - b) The PE shall have electronic linkage capability via cell phone and Internet for transmitting and receiving relevant contractual information and arranging for onsite operations.
  - c) The PE must be physically capable of responding to the DOTD Project Manager within (30) minutes.
2. Ensure that all construction inspection personnel utilized by the Consultant meet and retain the same qualification and certification requirements as required of DOTD construction personnel.
3. The Consultant shall attend project meetings as required to support the progression of the project, including meetings with DOTD personnel, the Developer, and other parties.
4. Inspect the Developer's construction and operations daily to ensure that all work performed is in accordance with the plans and specifications.
5. Maintain all construction field records making daily entries in the project diary (DWR) to indicate:
  - a) Consultant's personnel and Developer's personnel present on the job site
  - b) Developer's personnel and equipment being utilized on the project
  - c) Work being accepted,
  - d) Acceptability of traffic control
  - e) Weather conditions;
  - f) Charging of contract time utilizing the construction management software.
6. Coordinate all construction activities between the Consultant, DOTD, and the FHWA. All work standards, methods of reporting, and documentation shall be in accordance with the policies and procedures of the DOTD.
7. Perform all documentation, as prescribed by the Department, on the Department's Documentation Database in accordance with the CQAP.
8. Provide or obtain approval for submittals as stated in the Contract Documents.
9. Perform, or hire a licensed surveyor to perform, any necessary spot checks of the Developer's construction layout for verification. All surveying must be in accordance with the requirements of the Louisiana Professional Engineer and Land Surveying Board.
10. Coordinate with the DOTD and appropriate utility, railroad, or other stakeholder representative for all work on such facilities.
11. Perform and document inspections of erosion control measures as well as ensuring compliance with the Storm Water Pollution Prevention Plan (SWPPP) and all other Department of Environmental Quality, Army Corp of Engineers, and U.S. Coast Guard Permits.

12. Provide field verification testing and sampling, as required by the Project's CQAP, with testing requirements and frequencies based on the Contract Documents and the Developer's approved Sampling & Testing plan.
13. When stipulated by the Contract that approval by DOTD is required for material, equipment, and/or construction procedures, follow DOTD policies for obtaining such approval.
14. Perform any other duties normally required by DOTD Project Engineer's Office.

**TASK 4: DEPARTMENT LIAISON**

At the direction of the DOTD Project Manager, the Consultant shall serve as the liaison between the DOTD and others. This may include, but is not limited to, the Developer, public entities, utilities, railroads, and any other stakeholders. This may also include assisting the DOTD Project Manager to coordinate with the DOTD Communication and Public Information Officer for providing accurate and timely information to the public and media on construction activities, traffic impacts to the travelling public (lane closures, night work, etc.), and maintaining a project website. This also includes helping to identify, prevent, and/or resolve problems that arise with stakeholders and enhancing the public awareness of DOTD and its consultants, Developer, etc. during the Project.

**TASK 5: PARTNERING**

The Consultant shall participate in the Partnering efforts on the Project. This involvement shall include preparing for Partnering meetings, following up with action items generated through the Partnering sessions, and working with all parties to foster working relationships to maintain forward progress of the Project.

**TASK 6: DISPUTE RESOLUTION**

The Consultant shall provide both engineering and administrative research, documentation, and records to assist the DOTD in any potential claim(s) or dispute resolution(s). The Consultant may be required to defend his opinions and advice in court or on arbitration panels.

**TASK 7: PROJECT CLOSEOUT**

The Consultant shall provide the required field documentation, change orders, summary of test results, as-built plans as submitted by the Developer, and correspondence in accordance with the checklist for Final Audit.

**SERVICES TO BE PERFORMED / ITEMS TO BE PROVIDED BY DOTD**

1. DOTD will provide access to P3 Project documentation created prior to OV NTP.
2. DOTD will provide access to and licensing for DOTD construction management software, including Headlight and SiteManager.

## **INDEPENDENT TESTING LABORATORY**

In the event the DOTD Testing Laboratory is not available, the selected consultant must have access to a qualified independent testing laboratory, per 23 CFR 637.209. The selected consultant must provide documentation verifying access to a qualified independent testing laboratory to the DOTD PM within 10 business days of the award notification to the consultant.

## **ELECTRONIC DELIVERABLES**

Consultant hereby agrees to produce electronic deliverables in conformance with DOTD Software and Deliverable Standards for Electronic Plans document in effect as of the effective date of the most recent contract action or modification, unless exempted in writing by the Project Manager. Consultant is also responsible for ensuring that sub-consultants submit their electronic deliverables in conformance with the same standards. DOTD Software and Deliverable Standards for Electronic Plans document and DOTD CAD Standards Downloads are available via links on the DOTD web site.

Consultant shall apply patches to CAD Standard Resources and install incremental updates of software as needed or required. Consultant hereby agrees to install major updates to software versions and CAD Standard Resources in a timely manner. Major updates of CAD standards and software versions shall be applied per directive or approval of the DOTD Design Automation Manager. Such updates will not have a significant impact on the plan development time or project delivery date, nor will they require Consultant to purchase additional software. Prior to proceeding with plan development, Consultant shall contact the Project Manager for any special instructions regarding project-specific requirements.

In the event that any Digital Plan Delivery Standard conflicts with written documentation, including DOTD plan-development Manuals, the Digital Plan Delivery Standard governs. Consultant is responsible for contacting the Project Manager should questions arise.

Consultant shall upload (or check in) electronic deliverables directly into the DOTD ProjectWise repository at each plan delivery milestone. Consultants are responsible for performing certain operations at each milestone including, but not limited to, the following:

- Upload (or check in) CAD plan deliverables to the discipline “Plans” folder
- Apply and maintain indexing attributes to CAD plans (and other deliverables as needed)
- Publish PDF format plan submittals in ProjectWise using automated publishing tools
- Digitally sign PDF format plan submittals in ProjectWise according to DOTD standards and procedures (Final Plans, Revisions and Change Orders). Signatures shall be applied in signature blocks provided with electronic seals and Title Sheets.

Additionally, after reviewing deliverables for each submittal milestone, the Project Manager shall notify Consultant regarding the availability of two automatically-generated informational reports in ProjectWise. These reports document the completion status and other information regarding indexing attributes and CAD standards. Consultants shall take these reports into account and make

any necessary adjustments to plans before the next submittal milestone; or sooner, if directed by the Project Manager.

**SPECIFIC SOFTWARE AND / OR EQUIPMENT DESIRED**

1. The Consultant shall provide computer hardware, i.e., computers, printers, internet connections, scanners, etc. deemed necessary to provide services.
2. The Consultant shall provide software and licensing as required by the CQAP or required by the Contract Documents and not otherwise provided by DOTD, including Primavera P6.
3. The Consultant shall provide laptops with ability to synchronize with SiteManager in sufficient numbers to provide the required services.
4. The Consultant shall provide I-Pads with mobile data and HeadLight software in sufficient numbers to provide the required services.

**ATTACHMENT B – MINIMUM PERSONNEL REQUIREMENTS (MPRs)**

The following requirements must be met at the time the proposal is submitted:

1. At least one (1) principal of the prime consultant shall be a registered professional engineer in the state of Louisiana.
2. At least one (1) principal or other responsible member of the prime consultant shall be currently registered in the state of Louisiana as a professional engineer in civil engineering.
3. At least one (1) principal or responsible member of the prime consultant shall be a professional civil engineer, registered in the state of Louisiana, and shall have a minimum of five (5) years of experience in responsible charge of performance-based specification interpretation, conflict evaluation, research, resolution, and contract administration on complex road and bridge Public-Private Partnership and/or Design-Build construction projects.
4. At least one (1) member of the prime consultant shall be a professional civil engineer, registered in the state of Louisiana, shall have a minimum of ten (10) years of experience in charge of contract administration of complex road and bridge Private-Public Partnership and/or Design-Build construction projects. This individual shall serve as the fulltime-consultant Project Manager.
5. At least one (1) professional civil engineer, registered in the state of Louisiana, shall have a minimum of ten (10) years of experience in the construction of complex road and bridge Private-Public Partnership and/or Design-Build construction projects. This individual shall serve as the fulltime-consultant Project Engineer.
6. At least one (1) professional civil engineer, registered in the state of Louisiana, shall have a minimum of ten (10) years of experience in the design of complex road and bridge Private-Public Partnership and/or Design-Build construction projects. This individual shall serve as the consultant Design Manager.
7. At least one (1) individual shall have a minimum of five (5) years of experience providing document control for complex road and bridge Private-Public Partnership and/or Design-Build construction projects. This individual shall serve as the fulltime-consultant Document Control Manager.

**MPRS ARE TO BE MET BY SEPARATE INDIVIDUALS OF THE PRIME CONSULTANT, UNLESS STATED OTHERWISE BELOW.**

**MPR Nos. 1 through 3 may be met by the same person.**

**MPR Nos. 5 through 7 must be met by separate individuals and may be satisfied through the use of a sub-consultant(s).**

**NOTE: WHEN SATISFYING A MINIMUM PERSONNEL REQUIREMENT, PLEASE ENSURE THE RÉSUMÉ REFLECTS REQUIRED EXPERIENCE AS REQUESTED.**

**Contract No. 4400027349**

- Please note the number of MPRs are minimal; however, all relevant personnel necessary to perform the Scope of Services, such as certified inspectors, must be identified in Section 14 of the DOTD Form 24-102 and their resumes included in Section 16 of the DOTD Form 24-102.
- When applicable, DOTD-certified inspector certifications must be submitted in Section 20 of the DOTD Form 24-102. Inspectors may only inspect activities in which they hold an active DOTD certification. (See DOTD Construction Contract Administration Manual)
