# ADVERTISEMENT FOR ENGINEERING AND RELATED SERVICES MARCH 12, 2024

CONTRACT NOS. 4400028500 AND 4400028501 STATE PROJECT NO. H.013464.1 FEDERAL AID PROJECT NO. H013464 SHSP LAW ENFORCEMENT EXPERT STATEWIDE

#### NO DBE GOAL

Under the authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues this advertisement for consulting firms to provide engineering and related services. Consultants who are a Louisiana or foreign LLC or corporation should be appropriately registered with the Louisiana Secretary of State, as contemplated by Title 12 of the Louisiana Revised Statutes, and with the Louisiana Professional Engineering and Land Surveying (LAPELS) Board under its rules for firms. If a consultant is not in good standing in accordance with those provisions, it may be subject to consequences contemplated in Title 12 and/or the LAPELS rules. All requirements of LAPELS must be met at the time the proposal is submitted. Prime consultants must be registered with the Louisiana Secretary of State and the Federal Government, using SAM.gov, prior to contract execution.

One (1) proposal will be selected for each contract solicited per this advertisement. Only one (1) DOTD Form 24-102 proposal is required for this advertisement, and it represents the prime consultant's qualifications and those of any and all sub-consultants proposed to be used for the referenced contract(s). All identifying contract number(s) should be listed in Section 2 of the DOTD Form 24-102. USE THE DOTD FORM 24-102, DATED JANUARY 1, 2023, PROVIDED WITH THE ADVERTISEMENT.

#### Sub-consultants will not be considered in this selection.

Any questions concerning this advertisement must be sent in writing to <a href="mailto:DOTDConsultantAds80@la.gov">DOTDConsultantAds80@la.gov</a> no less than 48 hours (excluding weekends and holidays) prior to the proposal deadline.

#### **SCOPE OF SERVICES**

The general tasks to be performed by the consultant for this contract are described more specifically in Attachment A, which is incorporated herein by reference.

The consultant shall perform the work in accordance with the requirements of this advertisement and the resulting contract. Deliverables shall be in such format as required in Attachment A. The work performed by the consultant shall be performed in a manner consistent with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances.

# MINIMUM PERSONNEL REQUIREMENTS (MPRs)

The requirements set forth in Attachment B must be met at the time the proposal is submitted.

#### **EVALUATION CRITERIA**

The criteria to be used by DOTD in evaluating responses for the selection of a consultant to perform these services are listed below:

- 1. firm experience on similar projects, weighting factor of three (3);
- 2. staff experience on similar projects, weighting factor of four (4);
- 3. approach and methodology, weighting factor of nine (9).

\*The consultant is to identify in the table below those evaluation disciplines consistent with the approach and methodology proposed in Section 18 of the DOTD Form 24-102.

Sub-consultants are not allowed to be used for this proposal. Fill in the table by identifying	
only those evaluation disciplines consistent with the approach and methodology proposed in	
Section 18 of the DOTD Form 24-102*, and the percentage of work in each past performance	
evaluation discipline to be performed. The percentage estimated for each evaluation discipline	
is for evaluation purposes only and will not control the actual performance or payment of the	
work. (Add rows as needed)	
Past Performance Evaluation Discipline(s)	% of Overall Contract

<sup>\*</sup>The past performance evaluation disciplines are: Road, Bridge, Traffic, CE&I/OV, Geotech, Survey, Environmental, Data Collection, Planning, Right-of-Way, CPM, ITS, Appraiser and Other (please specify).

Proposals will be evaluated as set forth in the "Evaluation Criteria" section of this advertisement. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of one (1) through five (5). The rating will then be multiplied by the corresponding weighting factor. The rating in each category will then be added to arrive at the proposal's final rating.

DOTD's Project Evaluation Team (PET) will be responsible for performing the above described evaluation, and will present a shortlist of the four (4) (if four are qualified), highest rated consultants to the Secretary of DOTD. The Secretary will make the final selection.

# COMPLIANCE WITH SUPPLEMENTAL ETHICS REQUIREMENTS

DOTD has established supplemental ethics requirements applicable to consultants and PET members. These requirements are found in the "Supplemental Ethics Requirements" article of the

sample contract linked to this advertisement, which are incorporated herein by reference. Any firm that is found to have violated these requirements may not be considered for this selection.

By submission of a proposal to perform services pursuant to this advertisement, the consultant agrees to comply with DOTD's Supplemental Ethics Requirements.

#### RULES OF CONTACT UPON ADVERTISEMENT

DOTD is the single source of information regarding the contract selection. Any official correspondence will be in writing, and any official information regarding the contract will be disseminated by DOTD's designated representative via the DOTD website. The following rules of contact will apply during the contract selection process, commencing on the advertisement posting date and ceasing at the time of final contract selection. Contact includes face-to-face communication, the use of a telephone, facsimile, electronic mail (email), or formal or informal written communications with DOTD. Any contact determined to be improper, at the sole discretion of DOTD, may result in the rejection of the proposal (i.e., DOTD Form 24-102).

Consultants and consultant organizations shall correspond with DOTD regarding this advertisement only through the email address designated herein; <a href="mailto:DOTDConsultantAds80@la.gov">DOTDConsultantAds80@la.gov</a> and during DOTD sponsored one-on-one meetings.

No consultant, or any other party on behalf of a consultant, shall contact any DOTD employee, other than as specified herein. This prohibition includes, but is not limited to, the contacting of: department, office, or section heads, project managers, members of the evaluation teams, and any official who may participate in the decision to award the contract resulting from this advertisement.

DOTD will not be responsible for any information or exchange that occurs outside the official process specified above.

By submission of a proposal to perform services pursuant to this advertisement, the consultant agrees to the communication protocol herein.

#### **PROJECT TIME**

The overall time for the completion of the scope of services is estimated to be 5 years.

#### **COMPENSATION**

The compensation type for each contract is non-negotiated specific rates of compensation.

Compensation to the consultant for the services set forth herein above shall be based on actual work hours using DOTD-established specific rate of compensation of \$95 per hour for the work performed, with a maximum limitation of \$114,000 per year for services performed and an annual allocation for direct expenses not to exceed \$15,000.

#### **DIRECT EXPENSES**

To the extent that the consultant is allowed to claim reimbursement for direct expenses, all direct expense items that are not paid for in the firm's indirect cost rate, and are, needed and will be consumed during the life of the contract must be identified by the consultant during contract development. The acquisition or rental of standard equipment or resources to be used in the provision of services rendered for this contract will not be considered for payment under direct expenses (e.g., vehicles for construction engineering and inspection (CE&I) inspectors).

The consultant should own most of the equipment required to provide the work and services. The cost of this equipment should be included in the consultant's indirect cost rate. Equipment may be considered "specialized" if it cannot be considered standard equipment for that particular consultant's normal operating business needs. If a consultant believes special equipment is needed for the contract, the consultant must inquire through the Question and Answer process, as provided herein, whether the identified item will be considered specialized equipment for the individual contract.

All travel related expenses will be compensated under direct expenses, and will be in accordance with the most current Louisiana Office of State Travel regulations as promulgated in the Louisiana Administrative Code under the caption "PPM No. 49", with the exception that compensation for vehicle usage will be based on actual miles traveled directly and exclusively related to project needs. Vehicle rental rates will require prior approval from the PM.

#### CYBERSECURITY TRAINING

In accordance with La. R.S. 42:1267(B)(3) and the State of Louisiana's Information Security Policy, if the Consultant, any of its employees, agents, or sub-consultants will have access to State government information technology assets, the Consultant's employees, agents, or sub-consultants with such access must complete cybersecurity training annually, and the Consultant must present evidence of such compliance annually and upon request. The Consultant may use the cybersecurity training course offered by the Louisiana Department of State Civil Service without additional cost or may use any alternate course approved in writing by the Office of Technology Services.

For purposes of this Section, "access to State government information technology assets," means the possession of credentials, equipment, or authorization to access the internal workings of State information technology systems or networks. Examples would include but not be limited to State-issued laptops, VPN credentials to credentials to access the State network, badging to access the State's telecommunications closets or systems, or permissions to maintain or modify IT systems used by the State. Final determination of scope inclusions or exclusions relative to access to State government information technology assets will be made by the Office of Technology Services.

# QUALITY ASSURANCE/QUALITY CONTROL

DOTD requires the selected consultant and all sub-consultants to develop a Quality Assurance/Quality Control (QA/QC) program in order to provide a mechanism by which all deliverables will be subject to a systematic and consistent review. The selected consultant shall

address in its plan the review of all sub-consultant work and deliverables. Only the selected consultant must submit their QA/QC plan to the DOTD PM within 10 business days of the award notification to the consultant (do not include QA/QC plan in the DOTD Form 24-102). Consultants must ensure quality and adhere to established DOTD policies, procedures, standards and guidelines in the preparation and review of all deliverables. DOTD may provide limited input and technical assistance to the consultant. Any deliverables to be transmitted by the consultant shall be transmitted with a DOTD Quality Assurance/Quality Control Checklist, and a certification that the deliverables meet DOTD's quality standards.

If Attachment A includes specific QA/QC requirements that contradict those set forth above, the requirements in Attachment A control.

# **CONTRACT EXECUTION REQUIREMENTS**

The selected consultant will be required to execute the contract within ten (10) days after receipt of the contract.

A sample of the contract provisions can be found at the following link: <a href="http://wwwsp.dotd.la.gov/Inside\_LaDOTD/Divisions/Engineering/CCS/Pages/Advertisements.aspx">http://wwwsp.dotd.la.gov/Inside\_LaDOTD/Divisions/Engineering/CCS/Pages/Advertisements.aspx</a>.

# REVISIONS TO THE ADVERTISEMENT

DOTD reserves the right to revise any part of the advertisement by issuing addenda to the advertisement at any time. Issuance of this advertisement in no way constitutes a commitment by DOTD to award a contract. DOTD reserves the right to accept or reject, in whole or part, all DOTD Form 24-102s submitted, and/or cancel this consultant services procurement if it is determined to be in DOTD's best interest. All materials submitted in response to this advertisement become the property of DOTD, and selection or rejection of a proposal does not affect this right. DOTD also reserves the right, at its sole discretion, to waive administrative informalities contained in the advertisement.

#### **CLARIFICATIONS**

DOTD reserves the right to request clarification of ambiguities or apparent inconsistencies found within any proposal, if it is determined to be in DOTD's best interest.

# PROPOSAL REQUIREMENTS

The consultant's proposal for this advertisement must be submitted by email to <a href="mailto:DOTDConsultantAds80@la.gov">DOTDConsultantAds80@la.gov</a>. USE THE DOTD FORM 24-102, DATED JANUARY 1, 2023, PROVIDED WITH THE ADVERTISEMENT. Hard copies of the consultant's proposal are not required. All proposals must be in accordance with the requirements of this advertisement, and the Consultant Contract Services Manual. Unless otherwise stated in this advertisement, copies of licenses and certificates are not required to be submitted with the proposal.

If more than one (1) contract is to be selected based on this advertisement, no prime consultant is allowed to be a sub-consultant on any other consultant's 24-102. If a prime consultant is submitted

as a sub-consultant on another consultant's 24-102, its proposal as a prime consultant may be deemed non-responsive.

ANY CONSULTANT FAILING TO SUBMIT ANY OF THE INFORMATION REQUIRED ON THE DOTD FORM 24-102, OR PROVIDING INACCURATE INFORMATION ON THE DOTD FORM 24-102, MAY BE CONSIDERED NON-RESPONSIVE.

DOTD employees may not submit a proposal, nor be included as part of a consultant's proposal.

Contract and/or part-time employees are allowed. Such employees should be shown in Section 14 of the DOTD Form 24-102 with an asterisk denoting their employment status.

The DOTD Form 24-102 PDF file shall be labeled "CONTRACT NOS. 4400028500 AND 4400028501, Consultant's name", and must be received no later than 3:00 p.m. Central Time by DOTDConsultantAds80@la.gov via email on Tuesday, March 26, 2024. The PDF file must be attached in the email or as a hyperlink in the email or as an email through third-party file transfer websites such as Dropbox or WeTransfer.

Please note that delivery failure may occur on email files exceeding 30MB uncompressed. In addition, all emails are scanned for cybersecurity threats prior to delivery to <a href="mailto:DOTDConsultantAds80@la.gov">DOTDConsultantAds80@la.gov</a>; therefore, allow sufficient time for this process to take place when submitting your proposal.

#### ATTACHMENT A – SCOPE OF SERVICES

The project time is typical.

The home office indirect cost rate shall be applicable to all services except as otherwise designated hereafter.

The Consultant shall serve as DOTD's liaison with law-enforcement agencies, to develop and provide training to law-enforcement officers, and provide expertise to DOTD and the TRCC concerning highway safety issues.

DOTD is responsible for collecting motor vehicle crash data for the state of Louisiana and maintaining a crash database. There are some 155,000 crash reports each year from State, Parish, and Local law-enforcement agencies.

DOTD has the responsibility of ensuring that the limited highway safety funds are prioritized based on the ability to reduce the most crashes, injuries, and fatalities relative to the initial construction cost and any associated increase in maintenance costs. DOTD analyzes the state roadway system on a yearly basis and compiles a list of locations that exceeds a statistically significant threshold for crashes. This process ensures that we utilize our highway safety funds where the greatest safety benefit can be achieved and follows FHWA's data driven approach to the Highway Safety Improvement Program (HSIP).

The issue of timeliness in collecting data from the law-enforcement agencies has been resolved. But the issue of accuracy of the crash data has not been addressed. Incorrect and incomplete coding of the crash reports by law-enforcement officers affects the accuracy of the crash data. This accuracy is crucial in the prioritizing high crash locations for safety funding and for conducting high profile, specialized, engineering studies. Much work is needed to improve the accuracy.

#### The Consultant shall:

- Assist DOTD in the implementation of the Strategic Highway Safety Plan (SHSP).
  - o Provide law-enforcement expertise or assist in finding experts for the identified emphasis areas.
  - o Provide law-enforcement expertise to all Regional Safety Coalitions as needed.
- Address incorrect and/or missing information from crash reports and other data quality issues.
  - o Provide law-enforcement agencies, agency specific training.
  - Serve as a member on Louisiana's Traffic Records Coordinating Committee (TRCC), as needed.
  - o Train law-enforcement officers who complete the crash report and who approve the crash report in using eCrash.
  - Act as subject matter expert for eCrash reporting software and Law-Enforcement Crash Query Tool.

- Develop and implement training in crash investigation and familiarize lawenforcement personnel with the concepts and techniques of crash investigation and reconstruction.
- Act as a liaison between DOTD and other Law-Enforcement Agencies, like Louisiana State Police (LSP).
- Provide other assistance as needed.
  - o Provide technical assistance to Crash Data Governance committees.
  - o Facilitate the implementation of the Traffic Incident Management Program (TIM) for first responders as needed.
  - o Provide Traffic Incident Management expertise as needed.
  - o Train and certify personnel in Work Zone Traffic Control as needed.
  - o Provide Law-Enforcement expertise and facilitate participation on Road Safety Assessments (RSA), as needed.
  - Provide crash investigation and reconstruction services to Highway Safety Section for the DOTD Tort Reduction Program as assigned.
  - o Provide crash investigation and reconstruction expertise to the nine DOTD Districts during their investigation of crash locations as needed.

#### SERVICES TO BE PERFORMED / ITEMS TO BE PROVIDED BY DOTD

Crash data and crash statistics

#### **ELECTRONIC DELIVERABLES**

The Consultant hereby agrees to produce electronic deliverables in a standard agreeable to DOTD and communicated through the Project Manager. In the event that any Digital Plan Delivery Standard conflicts with written documentation, including DOTD plan-development Manuals, the Digital Plan Delivery Standard governs. The Consultant is responsible for contacting the Project Manager should questions arise.

### ATTACHMENT B – MINIMUM PERSONNEL REQUIREMENTS (MPRs)

The following requirements must be met at the time the proposal is submitted:

- 1. At least one (1) principal of the prime consultant shall be professionally competent in lawenforcement and shall have a minimum of twenty-five (25) years of experience in lawenforcement, with a minimum of five (5) years of experience in responsible charge of lawenforcement.
- 2. At least one (1) principal or responsible member of the prime consultant shall have successful completion of Northwestern University Traffic Institute's Traffic Accident Investigation and Reconstruction 8-week training series, or equivalent as determined by DOTD.
- 3. At least one (1) principal or responsible member of the prime consultant shall have a minimum of ten (10) years of experience enforcing Louisiana's Title 32 Motor Vehicles and Traffic Regulations.

# MPRS ARE TO BE MET BY SEPARATE INDIVIDUALS, UNLESS STATED OTHERWISE BELOW.

MPR Nos. 1 through 3 may be met by the same person.

NOTE: WHEN SATISFYING A MINIMUM PERSONNEL REQUIREMENT, PLEASE ENSURE THE RÉSUMÉ REFLECTS REQUIRED EXPERIENCE AS REQUESTED.

• Please note the number of MPRs are minimal; however, all relevant personnel necessary to perform the Scope of Services, such as certified inspectors, must be identified in Section 14 of the DOTD Form 24-102 and their resumes included in Section 16 of the DOTD Form 24-102.
