Question and Answer

April 15, 2021:

Q1. In regards to MPR No. 6, can a person with 15 or more years of experience with high level of testing and acceptance of construction materials suffice in place of the professional civil engineer with a minimum of 5 years of experience?

A1. No.

April 29, 2021:

Q2. Will any geotechnical or environmental services be part of the scope of services to be performed by the Consultant for this project?

A2. Geotechnical and Environmental Services are not within the scope of services to be performed by the Consultant.

Q3. What firms are precluded from this CE&I due to their involvement in the design?

A3. Consultants/sub-consultants who were responsible for any final design services on a project will not be permitted to perform CE&I services on that project.

Q4. Can MPR 4 be met through the use of a sub-consultant?

A4. No.

Q5. Please clarify the CE&I firm's role in the inspection of precast elements.

A5. The CE&I consultant is not responsible for inspecting the fabrication of precast elements.

Q6. On page 13, item no. 28 states “The consultant will be required to assist in providing information needed to meet Federal grant reporting requirements.”? Specifically, what Federal grant reporting requirements is DOTD referring to?

A6. The project is a recipient of a USDOT INFRA grant and the selected CE&I consultant will be tasked with providing project status information as requested by DOTD and FHWA. Further specifics will be discussed with the selected consultant prior to contract execution.

Q7. Can Section 15 (Organizational Chart) be 11x17 in order to fit all anticipated personnel assigned to the contract?

A7. It is acceptable to use an 11x17 format for Section 15.

May 6, 2021:
