ADDENDUM NO. 1

ANSWERS TO PROPOSER QUESTIONS:

1. May we include a cover letter with our proposal, if so, is that counted towards the 20 page limit?

ANSWER: A cover letter can be included. It will not count towards the 20 page limit

2. Can the credit information report and financial statements requested in the RFP be provided in an Appendix that's not counted towards the page limit?

ANSWER: The credit information and financial statements can be included in appendices; however each appendix should not exceed five pages in length.

3. Wanted to confirm that the cost proposal is not separately submitted—that it is in the same document as the technical proposal and required forms. In that case, is the cost proposal included in the page limit?

ANSWER: The cost proposal should be included in the same document as the technical proposal and the required forms and is counted in the 20 page limit.
