In accordance with Louisiana Revised Statute 48:293, this memorandum serves as justification for selection of Krebs Corporation (Number 3).

The advertised project description provides that this is an IDIQ contract for consulting services to provide Independent Cost Estimation for the Department. The shortlist identifies Innovative Contracting and Engineering, L.L.C. as number 1; Stanton Constructability Services, L.L.C. as number 2 and Krebs Corporation as number 3 in overall rank. The nature of this work requires a certain level of expertise and skill. While all are qualified, number 3 has extensive experience that a CMAR project delivery method requires and the necessary innovative procurement contracting experience, in particular, on CMAR projects. Finally, as the second of two Independent Cost Estimating contract, their use of a subcontractor for 40% of the work may provide for expanded capabilities.

As identified above and by adoption of this decision, I have selected Innovative Contracting and Engineering, L.L.C. (Number 1) and Krebs Corporation (Number 3).
