ENGINEERING AND RELATED SERVICES
JANUARY 27, 2017

CONTRACT NO. 4400010060
RETAINER CONTRACT FOR TRUST INDENTURE SERVICES AND ENGINEERING SERVICES FOR LA 1 TOLL FACILITIES LAFOURCHE PARISH

Under Authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues a Request for Qualification Statements (RFQ) on DOTD Form 24-102 (24-102), “Professional Engineering and Related Services”, revised November 2011, from Consulting Firms (Consultant) to provide engineering and related services. Consultants who are a Louisiana or foreign LLC or corporation should be appropriately registered with the Louisiana Secretary of State, as contemplated by Title 12 of the Louisiana Revised Statutes, and with LAPELS under its rules for FIRMS. If a Consultant fails to place itself in good standing in accordance with those provisions, it may be subject to consequences contemplated in Title 12 and/or the LAPELS rules. All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met and the Prime consultants must be registered with the Federal Government using SAM.gov prior to contract execution. One Prime-Consultant/Sub-Consultant(s) (Consultant/Team) will be selected for this Contract.

DOTD employees may not submit a proposal, nor be included as part of a Consultant’s team.

Project Manager – Mr. Scott Rundell

All inquiries concerning this advertisement should be sent in writing to Mark.Chenevert@LA.gov and heather.huval@la.gov

PROJECT DESCRIPTION

The selected Consultant will provide Trust Indenture Services and Engineering Services for the LA 1 Toll Facilities for proposed projects covered by a Retainer Contract under separate Task Orders. The Consultant will be required to execute a Task Order which will specify the scope of services, contract time, and compensation. Each Task Order will become a part of the Retainer Contract.
SCOPE OF SERVICES

The services to be rendered for this Retainer Contract shall consist of the following:

TRUST INDENTURE SERVICES LA 1

1. Per Trust Indenture documents, deliver a report with the Consultant's findings as to whether Phase 1, including sub-phases A through D, of the Project has been maintained in good repair, working order and condition.

2. The Consultant will provide advice and recommendations as to the proper maintenance and repair of the Project during each Fiscal Year and an estimate of the amount of money necessary for such purposes.

3. The Consultant will provide a determination as to the amount necessary for purposes of renewal and replacement for each fiscal year, all of which shall be funded by DOTD as provided in the DOTD Cooperative Endeavor Agreement.

4. Provide support, advice, expertise, and recommendations related to: the IECTS-II toll system, modifications and testing thereof, toll collection operation and system maintenance, management and negotiation of contracts with the provider of the IECTS-II toll system, and related functions.

5. As required, provide contract employees to fill vacant positions.

6. Provide support and assistance for requests for information, presentation material, and meeting general business support.

7. As required, perform due diligence research and make recommendations on pertinent financial documents, matters, and performance. Perform quantitative and coverage ratio analysis along with loan restructuring strategies.

ENGINEERING SERVICES FOR SPECIFIC PROJECTS

1. Conduct detailed studies, analysis, or surveys necessary to detail the work to be accomplished for maintenance, repair, modification, or improvement projects to DOTD facilities.

2. Prepare construction contract plans, special provisions, cost estimates, and bidding documents for maintenance, repair, modification, or improvement to projects to DOTD facilities. Contract plans will be stamped by a Registered Professional Engineer in the State of Louisiana. Some projects will require the Consultant to prepare a complete bid package while other projects will only involve the preparation of plans and technical specifications to be incorporated into a bid package prepared by DOTD.

3. Check construction contractor shop drawings as may be required for a specific project. Construction administration and resident engineer services may be
furnished by DOTD personnel, but construction advisory services may also be required.

4. Conduct investigation and conceptual development of repair projects and/or new projects sufficient to advise DOTD as to the scope and nature of the proposed work, approximate estimate of construction cost, engineering effort and cost, procedures, time frame, constraints, etc.

5. Review, as may be required by the DOTD, of plans that have been prepared by other engineers, engaged by the DOTD for repair or improvement projects, including plans related to toll plaza configuration and traffic channelization, to maximize toll collection efficiency.

6. Provide system and project management services for the development of Toll and Tolling Related RFP’s as directed.

7. Provide engineering support and tolling expertise for LA 1 tolling operations.

REFERENCES

All services and documents will meet the standard requirements as to format and content of the DOTD; and will be prepared in accordance with the latest applicable editions, supplements and revisions of the following:

1. AASHTO Standards, ASTM Standards or DOTD Test Procedures
2. DOTD Location and Survey Manual
3. DOTD Addendum “A” to the Location and Survey Manual
4. DOTD Roadway Design Procedures and Details
5. DOTD Design Guidelines
6. DOTD Hydraulics Manual
7. DOTD Standard Specifications for Roads and Bridges
10. National Environmental Policy Act (NEPA)
12. National Electric Code (NFPA 70)
13. A Policy on Geometric Design of Highways and Streets (AASHTO)
15. DOTD Materials Sampling Manual
16. DOTD Bridge Design Manual
18. Geotechnical Engineering Services Document
20. DOTD Stage 1 Planning/Environmental Manual of Standard Practice

Follow link below for the individual reference links:

**COMPENSATION**

Compensation to the Consultant for services rendered in connection with each TO may be made on the basis of lump sum, actual cost plus a fixed fee, cost per unit of work, or specific rates of compensation, based on negotiated man hours with a maximum contract limitation.

The amount payable under this Retainer Contract for services to be performed under the various TO’s shall not exceed a maximum of **$5,000,000**. Each TO shall be payable under the respective TO project number which shall be obtained by the Project Manager.

All travel related expenses will be compensated under direct expenses, and will be in accordance with Louisiana Office of State Travel regulations found at: [http://www.doa.la.gov/osp/travel/travelpolicy/2015-16TravelGuide.pdf](http://www.doa.la.gov/osp/travel/travelpolicy/2015-16TravelGuide.pdf) Vehicle rental rates will require prior approval from the DOTD Project Manager.

**DIRECT EXPENSES**

All direct expense items which are not paid for in the firm’s overhead which are needed and will be consumed during the life of the contract must be identified by the consultant during contract development. Standard equipment to be used in the provision of services rendered for this contract will not be considered for payment under direct expenses. Failure to provide the above information will deem items as non-qualifying for direct expenses.

The consultant shall provide a minimum of three rate quotes for any specialty vehicle or equipment. Any and all items for which said quotes are not submitted shall be deemed as non-qualifying for payment as direct expenses, unless approved by the Consultant Contract Services Administrator.

**CONTRACT TIME AND NOTICE TO PROCEED**

This Retainer Contract shall be in effect for **five years**. The services to be performed for each Task Order (TO) will be determined prior to the execution of the TO. The Consultant will proceed with the services required in the TO upon issuance of the Notice to Proceed from the DOTD. The contract time for each TO, will be specified in the executed TO. **All TO's must be completed by the expiration date of the Retainer**
Contract. No TO will be initiated unless sufficient contract time remains to complete the TO.

ELECTRONIC DELIVERABLES

The Consultant hereby agrees to produce electronic deliverables in conformance with the DOTD Software and Deliverable Standards for Electronic Plans document. The Consultant is also responsible for ensuring that Sub-Consultants submit their electronic deliverables in conformance with the same standards. The DOTD Software and Deliverable Standards for Electronic Plans document and DOTD CAD Standards Downloads are available via links on the DOTD web site.

The Consultant shall apply patches to CAD Standard Resources and install incremental updates of software as needed or required. The Consultant hereby agrees to install major updates to software versions and CAD Standard Resources in a timely manner. Major updates of CAD standards and software versions shall be applied per directive or approval of the DOTD Design Automation Manager. Such updates will not have a significant impact on the plan development time or project delivery date, nor will they require the Consultant to purchase additional software. Prior to proceeding with plan development, the Consultant shall contact the Project Manager for any special instructions regarding project-specific requirements.

In the event that any electronic standard conflicts with written documentation, including DOTD plan-development Manuals, the electronic standard typically governs. The Consultant is responsible for contacting the Project Manager should questions arise.

The Consultant shall upload (or check in) electronic deliverables directly into the DOTD ProjectWise repository at each plan delivery milestone. Consultants are responsible for performing certain operations at each milestone including, but not limited to, the following:

- Upload (or check in) CAD plan deliverables to the discipline “Plans” folder
- Apply and maintain indexing attributes to CAD plans (and other deliverables as needed)
- Publish PDF format plan submittals in ProjectWise using automated publishing tools
- Digitally sign PDF format plan submittals in ProjectWise according to DOTD standards and procedures (Final Plans, Revisions and Change Orders). Signatures shall be applied in signature blocks provided with electronic seals and Title Sheets.

Additionally, after reviewing deliverables for each submittal milestone, the Project Manager shall notify the Consultant regarding the availability of two automatically-generated informational reports in ProjectWise. These reports document the completion status and other information regarding indexing attributes and CAD standards.
Consultants shall take these reports into account and make any necessary adjustments to plans before the next submittal milestone; or sooner, if directed by the Project Manager.

**QUALITY CONTROL/QUALITY ASSURANCE**

The DOTD requires the Consultant to develop a Quality Control/Quality Assurance program or adopt DOTD's program; in order to provide a mechanism by which all construction plans can be subject to a systematic and consistent review. Consultant's must ensure quality and adhere to established design policies, procedures, standards and guidelines in the preparation and review of all design products. The DOTD shall provide limited input and technical assistance to the Consultant. The Consultant's plans shall meet or exceed DOTD's Construction Plans Quality Control / Quality Assurance Manual and EDSM No. Volume I. 1.1.24 on Plan Quality. The Consultant shall transmit plans with a DOTD Quality Control/Quality Assurance Checklist, and a certification that the plans meet the DOTD's quality standards.

**QUALITY CONTROL/QUALITY ASSURANCE**

The DOTD requires the Consultant to develop a Quality Control/Quality Assurance program; in order to provide a mechanism by which all contracted services can be subject to a systematic and consistent review. Consultants must ensure quality and adhere to established design policies, procedures, standards, and guidelines in the preparation and review of all design products. The DOTD shall provide limited input and technical assistance to the Consultant.

**ITEMS TO BE PROVIDED BY DOTD**

The DOTD will provide the Consultant without charge the following:

1. All information which it has in its files as to facility details, traffic counts, soil data, future plan and studies, and assistance in securing similar data from others to the extent available
2. Core Borings and Soil Surveys, if required
3. As-Built Plans, if available
4. Standards Plans, as needed

**MINIMUM PERSONNEL REQUIREMENTS**

The following requirements must be met at the time of submittal:

1. At least one Principal of the Prime Consultant must be a Professional Civil Engineer registered in the State of Louisiana.
2. At least one Principal or responsible member of the Prime Consultant must be a Professional Civil Engineer registered in the State of Louisiana with a minimum of ten years of experience in tolling systems, toll system maintenance and operations, and toll collections.
3. The Prime Consultant must employ on a full time basis:
   a. A minimum of four Professional Civil Engineers registered in the State of Louisiana.
   b. At least one Professional Engineer registered in the State of Louisiana with a
      minimum of five years of experience in the design and repair of complex
      structures, such as ferry landings, dolphins, fenders, cantilever trusses, curved
      steel girders, pre-stressed concrete girders, etc.
   c. At least one Professional Engineer registered in the State of Louisiana with a
      minimum of ten years of experience in the evaluation and repair of damaged
      and/or deteriorated bridge components.
   d. At least one principal or responsible member with a minimum of five years of
      experience as an engineering consultant evaluating bridge structures for
      compliance with toll-related bond indentures associated with bond issuances by
      the State of Louisiana or a political subdivision thereof.
   e. Support staff including one Engineer with a minimum of seven years in the toll
      industry.
   f. At least one Engineer with a minimum of ten years in traffic engineering.

4. In addition to the above requirements, the Prime Consultant must also employ on a
   full-time basis, or through the use of a Sub-Consultant(s):
   a. One Registered Professional Land Surveyor registered in the State of Louisiana.
   b. Two Professional Electrical Engineers registered in the State of Louisiana with
      three years of experience in Intelligence Transportation systems.
   c. One Professional Mechanical Engineer registered in the State of Louisiana.
   d. One Architect registered in the State of Louisiana.
   e. One Professional Traffic Operations Engineer registered in the State of
      Louisiana and DOTD approved Traffic Control Supervisor.
   f. One IT professional with three years of experience in toll collection and
      accounting systems operation and maintenance.
   g. Two Certified Public Accountants with three years of experience in businesses
      with large numbers of daily cash and electronic transactions.
   h. Four team leaders, as defined in 23 C.F.R 650.309(b), including at least one
      with three years of experience in underwater inspections and commercial diving
      operations.

Training Certifications/Certifications of Compliance must be submitted with and
made part of the Consultants DOTD Form 24-102 for all Personnel Requirements
listed herein.

WORK ZONE TRAINING REQUIREMENTS
(PRE-CONSTRUCTION SERVICES)

As part of DOTD’s on-going commitment to work zone safety, required work zone
training courses must now be taken every four years in order for personnel to remain
eligible to work on DOTD projects. For consultants performing pre-construction services
(i.e., design, survey, subsurface utility, geotechnical, traffic, bridge inspection,
environmental services), appropriate personnel must take these courses. In general, the responsible charge of traffic control plans shall be required to have Traffic Control Supervisor training. For field services performed within the clear zone, at least one member of the field crew shall have Traffic Control Supervisor or Traffic Control Technician training. The Consultant should identify all personnel listed in the staffing plan for the project that have completed the appropriate work zone training courses. Current certifications of compliance for this training should be submitted with and made part of Consultant’s DOTD Form 24-102. The consultant shall explain in Section 13 of DOTD Form 24-102 how they plan to meet the work zone requirements. However, all requirements shall be met prior to contract execution. It will be the prime consultant’s responsibility to ensure their staff and sub-consultants have the appropriate work zone training.

The above requirements are the minimum to perform work on DOTD projects. It is desired that all staff have work zone training as shown below:

- **Engineers:**
  - Traffic Control Technician
  - Traffic Control Supervisor
  - Flagger

- **Engineer Interns:**
  - Traffic Control Technician
  - Traffic Control Supervisor
  - Flagger

- **Field Senior Technicians, Survey Party Chiefs, and SUE Worksite Traffic Supervisors:**
  - Traffic Control Technician
  - Traffic Control Supervisor
  - Flagger

- **Field Personnel:**
  - Traffic Control Technician
  - Flagger

Approved courses are offered by ATSSA and AGC. Substitutes for these courses must be approved by the LA DOTD Work Zone Task Force. Specific training course requirements are:

- **Flagger:** Successful completion every four years of a work zone flagger course approved by the Department. The “DOTD Maintenance Basic Flagging Procedures Workshop” is not an acceptable substitute for the ATSSA and AGC flagging courses.

- **Traffic Control Technician (TCT):** Successful completion every four years of a work zone traffic control technician course approved the Department. After initial successful completion, it is not necessary
to retake this course every four years if Traffic Control Supervisor training is completed every four years.

Traffic Control Supervisor (TCS): Successful completion of a work zone traffic control supervisor course approved by the Department. Following an initial completion, traffic control supervisors must either complete a 1-day TCS refresher course or retake the original 2-day TCS course every four years.

ATSSA contact information: (877) 642-4637

EVALUATION CRITERIA

The general criteria to be used by DOTD in evaluating responses for the selection of a Consultant to perform these services are:

1. Consultant’s firm experience on similar projects, weighting factor of 3;
2. Consultant’s personnel experience on similar projects, weighting factor of 4;
3. Consultant’s firm size as related to the estimated project cost, weighting factor of 3;**
4. Consultant’s past performance on similar DOTD projects, weighting factor of 6;**
5. Consultant’s current work load, weighting factor of 5;**
6. Location where the work will be performed, weighting factor of 4.**

**All respondents will receive a 5 in this category.

Complexity level (Normal)

Consultants will be evaluated as indicated in Items 1-6. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of 1-5. Then the rating will be multiplied by the corresponding weighting factor. The firm’s ratings in each category will then be added to arrive at the Consultant’s final rating.

If Sub-Consultants are used, the Prime Consultant must perform a minimum of 51% of the work for the overall project. Each member of the Consultant/Team will be evaluated on their part of the contract, proportional to the amount of their work. The individual team member ratings will then be added to arrive at the Consultant/Team rating.

DOTD’s Project Evaluation Team will be responsible for performing the above described evaluation, and will present a short-list of the three (if three are qualified) highest rated Consultants to the Secretary of the DOTD. The Secretary will make the final selection.

Below are the proposed Team members. DOTD may substitute for any reason provided the members meet the requirements of R.S. 48:291.

1. Mark Chenevert – Ex officio
2. Scott Rundell – Project Manager
3. Vince Latino
Rules of Contact (Title 48 Engineering and Related Services)

These rules are designed to promote a fair, unbiased, legally defensible selection process. The LA DOTD is the single source of information regarding the Contract selection. The following rules of contact will apply during the Contract selection process and will commence on the date of advertisement and cease at the contract execution by the selected firm. Contact includes face-to-face, telephone, facsimile, Electronic-mail (E-mail), or formal written communications. Any contact determined to be improper, at the sole discretion of the LA DOTD, may result in the rejection of the submittal (24-102):

A. The Consultant shall correspond with the LA DOTD regarding this advertisement only through the LA DOTD Consultant Contracts Services Administrator;
B. Neither the Consultant, nor any other party on behalf of the Consultant, shall contact any LA DOTD employees, including but not limited to, department heads; members of the evaluation teams; and any official who may participate in the decision to award the contract resulting from this advertisement except through the process identified above. Contact between Consultant organizations and LA DOTD employees is allowed during LA DOTD sponsored one-on-one meetings;
C. Any communication determined to be improper, at the sole discretion of the LA DOTD, may result in the rejection of submittal, at the sole discretion of the LA DOTD;
D. Any official information regarding the project will be disseminated from the LA DOTD’S designated representative on the LA DOTD website. Any official correspondence will be in writing;
E. The LA DOTD will not be responsible for any verbal exchange or any other information or exchange that occurs outside the official process specified herein.

By submission of a response to this RFQ, the Consultant agrees to the communication protocol herein.

CONTRACT REQUIREMENTS

The selected Consultant will be required to execute the contract within 10 days after receipt of the contract.

INSURANCE - During the term of this contract, the Consultant will carry professional liability insurance in the amount of $1,000,000. This insurance will be written on a “claims-made” basis. Prior to executing the contract, the Consultant will provide a
Certificate of Insurance to DOTD showing evidence of such professional liability insurance.

**AUDIT** - The selected Consultant/Team shall provide to the DOTD Audit Section an *independent* Certified Public Accountant (CPA) audited overhead rate developed in accordance with Federal Acquisition Regulations (FAR) and guidelines provided by the DOTD Audit Section. In addition, the selected Consultant/Team will allow the DOTD Audit Section to perform an overhead audit of its books, at the DOTD’s sole discretion. The performance of such an audit by the DOTD Audit Section shall not relieve the Consultant/Team of its responsibilities under this paragraph.

Consultants are also required to submit labor rate information twice a year to the DOTD’s Audit Section and/or as requested by DOTD. Newly selected firms must have audited salaries and overhead rates on file with the DOTD’s Audit Section before starting any additional stage/phase of their contracts. All Qualification Statements (24-102) submitted to DOTD by Consultants currently under contract may be considered non-responsive if the consultant is not in compliance with the above audit requirements.

Any Consultant currently under contract with the DOTD and who failed to meet all the audit requirements documented in the manual and/or notices posted on the DOTD Consultant Contract Services Website (www.dotd.louisiana.gov), will not be considered for this project.

**SUBMITTAL REQUIREMENTS**

One original (*stamped “original”*) and *five* copies of the DOTD Form 24-102 must be submitted to DOTD along with an electronic copy (USB flash drive only) in a searchable Portable Document Format (pdf). If you wish to have your flash drive returned, please include a postage paid, self-addressed envelope. All submittals must be in accordance with the requirements of this advertisement and the Consultant Contract Services Manual.

If more than one contract is to be selected based on this advertisement, no Prime Consultant is allowed to be a Sub-Consultant on any other Consultant’s 24-102. If a Prime Consultant is submitted as a Sub-Consultant on another Consultant’s 24-102, it’s submittal as a Prime Consultant may be deemed non-responsive.

Any Prime Consultant that submits a Sub-Consultant’s 24-102 without written consent of that Sub-Consultant to be submitted in response to this ad, may be deemed non-responsive.

Any Consultant/Team failing to submit any of the information required on the 24-102, or providing inaccurate information on the 24-102, will be considered non-responsive.
Any Sub-Consultants to be used, including Disadvantaged Business Enterprises (DBE), in performance of this Contract, must also submit a 24-102, which is completely filled out and contains all information pertinent to the work to be performed.

The Sub-Consultant’s 24-102 must be firmly bound to the Consultant’s 24-102. In Section 8, the Consultant’s 24-102 must describe the work elements to be performed by the Sub-Consultant(s), and state the approximate percentage of each work element to be subcontracted to each Sub-Consultant.

Contract employees may be allowed for a period of time for a particular element or task on a project. Contract employees should be shown in Section 9a. Project Staffing Plan with resumes included in Section 10.

*Use of contract employees requires prior approval by the Consultant Contract Services Section for each element or task on a project. The approval request shall be made prior to the submittal of the 24-102 form.*

Name(s) of the Consultant/Team listed on the 24-102, must precisely match the name(s) filed with the Louisiana Secretary of State, Corporation Division, and the Louisiana State Board of Registration for Professional Engineers and Land Surveyors.

The DOTD Form 24-102 will be identified with Contract No. 4400010060, and will be submitted prior to 3:00 p.m. CST on Tuesday, February 21, 2017, by hand delivery or mail, addressed to:

*Department of Transportation and Development  
Attn.: Mr. Mark Chenevert, P.E.  
Contracts Services Administrator  
1201 Capitol Access Road, Room 405-E  
Baton Rouge, LA 70802-4438 or  
Telephone: (225) 379-1591*

**REVISIONS TO THE RFQ**

DOTD reserves the right to revise any part of the RFQ by issuing an addendum to the RFQ at any time. Issuance of this RFQ in no way constitutes a commitment by DOTD to award a contract. DOTD reserves the right to accept or reject, in whole or part, all Qualification Statements submitted and/or cancel this announcement if it is determined to be in DOTD’s best interest. All materials submitted in response to this announcement become the property of DOTD and selection or rejection of a submittal does not affect this right. DOTD also reserves the right, at its sole discretion, to waive administrative informalities contained in the RFQ.
