RE: Selection Justification
Contract 4400010026
Chateau Blvd Resurfacing
CE&I Services Entity Contract

In accordance with Louisiana Revised Statute 48:293, this memorandum serves as documentation of selection of Design Engineering (Number 2).

The advertised project description provides that this is an Urban System project and the selected consultant will provide construction contract administration and construction engineering inspection services. Specifically, the contract will be between the consultant and the City of Kenner. The shortlist provides that Lambert is number 1 and Design Engineering received the number 2 score. The City submitted a recommendation for selection of Number 2. Concurrently, Contract 4400009854 is also being submitted for selection. Again, the City is the contracting entity, for CE&I services and Lambert is #1 whereas Design Engineering is #2. For that project, the City is recommending Lambert for selection.

For these reason, I have selected Number 2.
