BY DATE

In accordance with Louisiana Revised Statute 48:293, this memorandum serves as documentation for selection for every instance number 1(s) were not selected for the above reference contracts.

On December 18, 2017, eighteen (18) Off-System Bridge Replacement contracts were advertised to provide preconstruction engineering services for replacement of twenty-three (23) bridges. Responses to the advertisement were evaluated and eighteen (18) short lists presented for selection. In those instances (see attachment) wherein number (1) was not selected, the justification is to establish a more even distribution of consultant services to ensure the program work is adequately addressed.

For these reasons, I have not selected number 1 in instances identified (see attachment).
