In accordance with Louisiana Revised Statute 48:293, this memorandum serves as justification for selection of Richard C. Lambert Consultants, L.L.C. (Number 2).

The advertised project description provides that the scope of services include that the selected consultant will be required to provide construction contract administration and construction engineering inspection services typically performed by a DOTD Project Engineer and his/her staff, including but not limited to, milling, overlay, base rehab and drainage structures. All services performed and provided are in accordance with DOTD's Standards and Procedures.

The shortlist identifies Meyer Engineers, Ltd. as number 1, Richard C. Lambert Consultants, L.L.C. as number 2, and GOTECH, Inc. as number 3 in overall rank. At the request of the Parish President of West Baton Rouge Parish, I am selecting Richard C. Lambert Consultants, L.L.C. This consultant is very familiar with the West Baton Rouge Parish area and has established a very good working relationship with the parish government. Additionally, this consultant continues to perform to very high standards throughout all phases of these design projects. In striving to meet the needs of the local public assistance program and continuing to work with local administrations to identify projects, I am accepting the recommendation of the local entity in selecting this contractor for whom they have an established working relationship with in the area.

For these reasons and as identified above, I have selected Richard C. Lambert Consultants, L.L.C. (Number 2).
