RE: Selection Justification
Contract No. 4400017088
Comite Diversion Canal CE&I and Utility Relocation
East Baton Rouge Parish

In accordance with Louisiana Revised Statute 48:293, this memorandum serves as justification for selection of Richard Lambert Consultants, L.L.C.

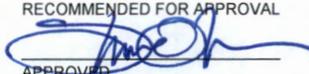

The advertised project description provides that this is a contract for construction engineering and inspection services for four roadway bridges, a railroad bridge and utility relocations for the Comite Diversion Canal Project. This advertisement was for the selection of one firm The short list identified Providence Engineering and Design as number one and Richard C. Lambert Consultants, L.L.C. as number two in overall rank. However, only .36 of a point was the difference between number one and two firm's consultant rating. Additionally, over the last 12 months Providence has received a greater share of work than Richard C. Lambert.

Given the close rating and in the interest of providing some equity in work throughout the consultant community, I have selected the number two firm, Richard C. Lambert Consultants, L.L.C., as identified above.
