In accordance with Louisiana Revised Statute 48:293, this memorandum serves as justification for selection of All South Consulting Engineers, L.L.C. (Number 3).

The advertised project description provides that the scope of services include that the selected consultant will be required to provide construction contract administration and construction engineering inspection services typically performed by a DOTD Project Engineer and his/her staff, including but not limited to, milling, overlay, base rehab and drainage structures. All services performed and provided are in accordance with DOTD's Standards and Procedures.

The shortlist identifies Meyer Engineers, Ltd. as number 1, Design Engineering, Inc. as number 2, and All South Consulting Engineers, L.L.C. as number 3 in overall rank. At the request of the Chief Elected Official of the City of Slidell I am selecting All South Consulting Engineers, L.L.C. This consultant is very familiar with the City of Slidell and has expeditiously completed design tasks without any issues. Additionally, this consultant continues to perform to very high standards throughout all phases of these projects. In striving to meet the needs of the local public assistance program, and continuing to work with local administrations to identify projects, I am accepting the recommendation of the local entity in selecting this contractor for whom they have an established working relationship with in the area.

For these reasons and as identified above, I have selected All South Consulting Engineers, L.L.C. (Number 3)
