Under Authority granted by Title 48 of Louisiana Revised Statutes, the Louisiana Department of Transportation and Development (DOTD) hereby issues a Request for Qualification Statements (RFQ) on Standard Form 24-102 (SF 24-102), “Professional Engineering and Related Services”, revised January 2003, from Consulting Firms (Consultant) to provide engineering and related services. **All requirements of Louisiana Professional Engineering and Land Surveying (LAPELS) Board must be met at the time of contract execution.** One Prime-Consultant/Sub-Consultant(s) (Consultant/Team) will be selected for this Contract.

**DOTD Coordinator** – Mr. Frederick L. Wetekamm, III

All inquiries concerning this advertisement should be sent in writing to [Edward.Wedge@LA.gov](mailto:Edward.Wedge@LA.gov).

**SCOPE OF SERVICES**

**STAGE 5: CONSTRUCTION**

**Part III: Construction Engineering and Inspection (CE&I)**

The Consultant/Team will perform all construction engineering and inspection services typically performed by the DOTD Project Engineer and his staff for an Off-System Highway Bridge Program Project. The proposed construction project consists of grading, 2 – Slab Span Bridges and Approach Slabs, Class II Base, Cold Planing Asphaltic Concrete, Superpave Asphaltic Concrete Pavement, and related work, located in Orleans Parish. These services will be performed in accordance with DOTD’s Standards and Procedures (see References). Copies of these documents will be made available through DOTD upon request. The DOTD will assign a project engineer from its District 02 Office to serve as a construction coordinator for the DOTD during project construction. The services to be performed will be under the direct supervision of the DOTD.

The various tasks to be performed by the Consultant under this contract for Stage 5, Part III, are described more specifically as follows:

1. Coordinate with the Parish and DOTD District personnel to schedule and attend the Pre-Construction Meeting. Consultant will be required to conduct the meeting.
2. Maintain all construction field records; make daily entries in the project diary (DWR) to indicate the Consultant's personnel and Contractor's personnel present on the job site, the Contractor's personnel and equipment being utilized on the project, the work being accepted, the acceptability of traffic control, and the charging of contract time.
3. Coordinate with the Parish Engineer/Representative for all relocations/adjustments of utility facilities for the construction of work site.
4. Provide all necessary personnel, equipment, and materials; such as cylinder molds, etc., to perform the required field-testing for quality assurance in accordance with the latest DOTD Sampling and Testing Manual.
5. Submit all sampled materials to be tested by the DOTD District 02 Testing Laboratory, in accordance with the stipulated Sampling Manual.
6. Inspect the contractor's construction operations (daily) to ensure that all work is performed in accordance with the specified plans and specifications.
7. Keep clear and concise records of the contractual operations, prepare monthly pay estimates, and make weekly progress reports consisting of percent complete, percent time elapsed, approved change order amounts, and number of change orders to the DOTD District 02 Coordinator. Inspection of construction will not include shop and mill inspections and their approval.
8. Prepare final estimate packages, including Form 2059 – "Summary of Test Results" in conformance with DOTD requirements.
9. The Consultant will be responsible for submittal approvals required of the Project Engineer as stated in the Standard Specifications, including form drawings.
10. All construction activities will be coordinated between the Consultant, the Owner, the FHWA and an assigned representative of the DOTD. All work standards, methods of reporting, and documentation of pay quantities will be in accordance with the policies and procedures of the DOTD. All partial and final construction estimates and other information must be submitted on forms approved by the DOTD.
11. The Consultant will perform all documentation, as prescribed by the Department, on the Department's construction software, Site Manager. The Consultant will provide computer hardware, i.e., computers, printers, internet connections, etc. deemed necessary to efficiently conduct the inspection services.

12. The Consultant may be required to conduct **non-reimbursable** training sessions for his personnel to receive instructions into the use of Site Manager (approximately four hours). DOTD will provide a qualified instructor for this training.
13. The Consultant will be available for conferences, visits to jobsite, and/or inspections by DOTD authorized representatives.
14. The Consultant will be required to submit “As-Built” plans with the final estimate. “As-Built” plans are to reflect all changes made from the original plans. All changes to the plans are to be made using a 746-1/2 Tuscan red pencil.
15. When it is stipulated by the Project Specifications, that approval by DOTD is required for material, equipment, and/or construction procedures, DOTD policies for obtaining such approval will be followed.
16. All construction inspection personnel utilized by the Consultant must meet and retain the same qualification and certification requirements as required of DOTD construction personnel.
17. The Contractor will perform construction layout, and the Consultant will perform or hire a licensed surveyor to perform any necessary spot checks for verification. All surveying must be in accordance with the requirements of LAPELS.
18. Any proposed changes in plans or in the nature of the work will be pre-approved in writing by the DOTD, prior to the performance of stipulated work.
19. Plan changes throughout the life of the project will also have to be written by the Consultant and approved through the Department’s process.
20. The Consultant will monitor and document all construction claims, and provide recommendations on disposition of claims.
21. The Consultant will manage the RFI (Request for Information) process as defined on the DOTD internet site, <http://www.dotd.la.gov/construction/rfi>.
22. The Consultant will coordinate and/or perform the inspection of the fabrication of pre-cast materials with DOTD and the owner.
23. The Consultant’s inspector will be responsible for performing and documenting inspections of erosion control devices, and reporting deficiencies to the contractor for correction.
24. Meet with the DOTD Statewide Sign Inspector to review the construction signing for compliance with the MUTCD and Traffic Control Standards. Documentaion of correction made by the contractor will be input into Site Manager by the Consultant’s Project Engineer.

### **FHWA FORM 1391**

The Consultant shall be required to notify the contractor and forward to the DOTD Compliance Section and the DOTD Coordinator all information required for the Federal Aid Construction Contractor’s Annual EEO Report.

### **SERVICES TO BE PERFORMED BY DOTD**

The DOTD will furnish without charge, the following services and data:

1. Laboratory testing of materials. DOTD's District 02 Testing Laboratory will perform laboratory tests in conjunction with special testing performed at the DOTD Central Laboratory in Baton Rouge, Louisiana, using samples procured, and submitted by the Consultant and/or his staff.
2. DOTD will provide project plans and contract proposals.
3. DOTD will provide sampling plan for the project.
4. Site Manager Instructor and technical support.

The actual maximum duration may be adjusted based upon the results of the construction letting procedure and the contract time awarded by contract. The delivery schedule for all project deliverables will be established by the Project Manager.

## **QUALITY CONTROL/QUALITY ASSURANCE**

The DOTD requires the Consultant to develop a Quality Control/Quality Assurance program or adopt DOTD's program; in order to provide a mechanism by which all construction plans can be subject to a systematic and consistent review. Consultant's must ensure quality and adhere to established design policies, procedures, standards and guidelines in the preparation and review of all design products. The DOTD shall provide limited input and technical assistance to the Consultant. The Consultant's plans shall meet or exceed DOTD's Construction Plans Quality Control / Quality Assurance Manual and EDSM No. Volume I. 1.1.24 on Plan Quality. The Consultant shall transmit plans with a DOTD Quality Control/Quality Assurance Checklist, Documentation Manual for Project Delivery, and a certification that the plans meet the DOTD's quality standards.

## **MINIMUM PERSONNEL REQUIREMENTS**

The following requirements must be met at the time of submittal:

1. At least one Principal of the Prime-Consultant must be a Professional Engineer registered in the State of Louisiana.
2. The Prime-Consultant must employ on a full-time basis, one Professional Civil Engineer, registered in the State of Louisiana, with at least five years of experience in responsible charge of managing road and bridge construction projects and a corresponding support staff.
3. In addition to the above requirements, the Prime-Consultant must employ on a full-time basis, or through the use of a Sub-Consultant(s), a minimum of one DOTD Certified Inspector, with a minimum of five years experience in Road and Bridge Construction. Inspectors may only inspect activities in which they hold an active DOTD certification (certification required with submittal of qualifications). The major activities listed below require certified inspectors:
  - a. Embankment and Base Course
  - b. Structural Concrete

**NOTE:** All field inspectors must have completed the Work Zone Traffic Control Technician and Flagger course. All field senior technicians and engineers must have completed the Traffic Control Supervisor course.

Certifications of Compliance must be submitted with and made part of the Consultants Standard Form 24-102 for all Manpower requirements listed herein.

### **EVALUATION CRITERIA**

The general criteria to be used by DOTD (when applicable) in evaluating responses for the selection of a Consultant to perform these services are:

1. Consultant's firm experience on similar projects, weighting factor of 3;
2. Consultant's personnel experience on similar projects, weighting factor of 4;
3. Consultant's firm size as related to the estimated project cost, weighting factor of 3;
4. Consultant's past performance on similar DOTD projects, weighting factor of 6;\*\*
5. Consultant's current work load, weighting factor of 5;
6. Location where the work will be performed, weighting factor of 4.

\*\*The Construction Engineering Services (CS) performance rating will be used for this project.

The complexity level for this contract is: Simple

Consultants will be evaluated as indicated in Items 1- 6. The evaluation will be by means of a point-based rating system. Each of the above criteria will receive a rating on a scale of 0-4. Then the rating will be multiplied by the corresponding weighting factor. The firm's ratings in each category will then be added to arrive at the Consultant's final rating.

If Sub-Consultants are used, each member of the Consultant/Team will be evaluated on their part of the contract proportional to the amount of their work. The individual team member ratings will then be added to arrive at the Consultant/Team rating.

DOTD's Consultant Evaluation Committee will be responsible for performing the above described evaluation, and presenting a short list of the three (if three are qualified) highest rated Consultants to the Secretary of the DOTD. The Secretary will make the final selection.

### **CONTRACT REQUIREMENTS**

The selected Consultant will be required to execute the contract within 10 days after receipt of the contract.

**INSURANCE** - During the term of this contract, the Consultant will carry professional liability insurance in the amount of \$1,000,000. The Prime Consultant may require the

Sub-consultant(s) to carry professional liability insurance. This insurance will be written on a “claims-made” basis. Prior to executing the contract, the Consultant will provide a Certificate of Insurance to DOTD showing evidence of such professional liability insurance.

**AUDIT** - The selected Consultant/Team will allow the DOTD Audit Section to perform an annual overhead audit of their books, or provide an *independent* Certified Public Accountant (CPA) audited overhead rate. This rate must be developed using Federal Acquisition Regulations (FAR) and guidelines provided by the DOTD Audit Section. In addition, the Consultant/Team will submit semi-annual labor rate information, when requested by DOTD.

The selected Consultant/Team will maintain an approved Project Cost System and segregate direct from indirect cost in their General Ledger. Pre-award and post audits, as well as interim audits, may be required. For audit purposes, the selected Consultant/Team will maintain accounting records for a minimum of five years after final contract payment.

Any Consultant currently under contract with the DOTD and who has not met all the audit requirements documented in the manual and/or notices posted on the DOTD Consultant Contract Services Website ([www.dotd.louisiana.gov](http://www.dotd.louisiana.gov)) will not be considered for this project.

### **SUBMITTAL REQUIREMENTS**

One original (**stamped original**) and **five** copies of the SF 24-102 must be submitted to DOTD. **Inspector’s certification card (indicating the date of expiration), must be included in the SF 24-102.** All submittals must be in accordance with the requirements of this advertisement and the Consultant Contract Services Manual. Any Consultant/Team failing to submit any of the information required on the SF 24-102, or provide inaccurate information on the SF 24-102, will be considered non-responsive.

Any Sub-Consultants to be used, including Disadvantaged Business Enterprise (DBE) Sub-Consultants, in performance of this contract must also submit a SF 24-102, completely filled out and containing information pertinent to the work to be performed.

The Sub-Consultant’s SF 24-102 must be firmly bound to the Consultant’s SF 24-102. In Section 9, the Consultant’s SF 24-102 must describe the **work elements** to be performed by the Sub-Consultant(s), and state the approximate **percentage** of each work element to be subcontracted to each Sub-Consultant.

Name(s) of the Consultant/Team listed on the SF 24-102, must precisely match the name(s) filed with the Louisiana Secretary of State, Corporation Division, and the Louisiana State Board of Registration for Professional Engineers and Land Surveyors.

The SF 24-102 will be identified with **State Project No. 713-36-0101** and will be submitted **prior to 3:00 p.m. CST on Monday, October 5, 2009**, by hand delivery or mail addressed to:
