Question and Answer

July 11, 2024:

- Q1. Minimum Personnel Requirement No. 5 requires experience in bridge design; however, there is no bridge work listed in the scope of the advertisement. Please clarify.
- A1. Bridge work is not anticipated for this project. However, due to the proximity of the I-310 north bound on-ramp to the project limits, DOTD wants a bridge engineer to be identified on the team with the MPR qualifications. Preliminary plans could determine that bridge widening may be necessary.
