**CONTRACT NO. 4400009954
RETAINER CONTRACT FOR NAVAL ARCHITECTURE AND MARINE
ENGINEERING SERVICES
STATEWIDE**

Q1. I have a question in the proposal regarding **Electronic Deliverables**:

"Preliminary and final plans shall be delivered electronically in both PDF and Microstation V8.5 (DGN) file formats."

Will LADOTD accept any other formats specifically AutoCAD 2015 (DWG)?

A1. The deliverables are required to be in MicroStation DGN format. However, the consultant may elect to utilize AutoCAD to develop the plans and then translate all AutoCAD drawings to MicroStation format as permitted per the LADOTD Software and Deliverable Standards for Electronic Plans.

Q2. Does the Sub-Consultant need to be registered with the Louisiana Secretary of State?

A2. A firm that does not do business in Louisiana is not required to register with the Louisiana Secretary of State per Louisiana Corporations Law.
