

As a reminder, the Advertisement specifically identifies **RULES OF CONTACT** that apply during the contract selection process, commencing on the advertisement posting date and ceasing at the time of final contract selection. **Any contact determined to be improper, at the sole discretion of DOTD, may result in the rejection of the proposal (i.e., DOTD Form 24-102).**

Please note, all questions received by DOTD are not necessarily answered, only those questions deemed by DOTD to enhance or clarify the advertisement will be addressed.

**CONTRACT NO. 4400024832
IDIQ CONTRACT FOR ROADWAY DESIGN SERVICES
DISTRICT 03**

Question and Answer

September 23~~26~~, 2022:

Q1. Sanitary Storm drainage design – Page 16, item 2 - Would you please confirm it is the Department's intent to include this service under this advertisement?

A1. Bridge design (including cost analysis to determine the most economical structure design, electronic data processing applications for the design of bridges, and load rating reports) and sanitary sewer design are not anticipated, however, in the unlikely event the need arises, we included it in the scope of services out of an abundance of caution. Some degree of drainage design, whether its storm drain, side drain, inlet capacity or cross drain, will likely be required on all projects.
