1.0 GENERAL INFORMATION

This Request for Proposals (RFP) is issued by the Louisiana Department of Transportation and Development (herein referred to as the DOTD) to Individual Consultants/Consulting Firms interested in assisting DOTD with the implementation of Consultant Services for the development of an Indirect Cost Plan. One Consultant shall be selected for this contract. The Consultant may not subcontract the specified services without the written agreement of DOTD.

1.1 Purpose/Background

The purpose of this Request for Proposals (RFP) is to obtain competitive proposals from bona fide, qualified Proposers who are interested in providing Consultant Services for the development of an Indirect Cost Plan for the State of Louisiana, Department of Transportation and Development. A significant amount of the Department’s expenditures are for federally funded highway construction projects. The FHWA has prescribed policies and procedures for reimbursing a state highway agency for allowable administrative and overhead costs. The Department has implemented a new SAP Enterprise Resource Planning System (ERP) “LaGov” which will provide the basis for the development of a new Indirect Cost Plan which should be based on actual direct labor and fringe rates.

1.2 Scope of Services

The Louisiana Department of Transportation & Development is seeking a Consultant to serve in a contract position to develop and deliver an Indirect Cost Plan which will meet the requirements of Part 2, Section 225, Code of Federal Regulations (C.F.R.) Cost Principles for State, Local, and Indian Tribal Governments; OMB Circular A-87 Attachment E; and any other applicable federal guidelines, rules, or regulations. The Consultant shall research best practices utilized by other state transportation agencies and consider their applicability to the Louisiana Department of Transportation and Development. The Indirect Cost (IDC) Plan shall provide a method for calculating indirect cost rates for federal projects employing the Department’s SAP ERP system, LaGov.

The Consultant will assist the Department with the submission of the Plan to Cognizant Agency by June 30, 2011. The Consultant will continue to assist the Department through the approval process and post-approval with the implementation of the IDC Plan. The Consultant will deliver an Indirect Cost Plan Handbook/Manual at the conclusion of the project and train Department staff in the use, execution and maintenance of the approved Indirect Cost Plan.

1.3 Definitions

A. Mandatory Requirements – The terms “shall”, “will”, and “must” denote mandatory requirements.

B. Permissible Action – The terms “should” and “may” denote an advisory or allowable action.

C. Agency – Any department, commission, council, board, office, bureau, committee, institution, agency, government, corporation, or other establishment of the executive branch of this state authorized to participate in any contract resulting from this solicitation.
D. Discussions – For the purposes of this RFP, a formal, structured means of conducting written or oral communications with responsible proposers who submit proposals determined in writing to be reasonably susceptible of being selected for award.

E. The “Code of Federal Regulations” (CFR) is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. The CFR is divided into 50 titles that represent broad areas subject to Federal regulation. 49 CFR Chapter 18 (Common Rule) sets forth the uniform administrative rules for Federal grants and cooperative agreements and subawards to State and Local governments.

F. “OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments,” establishes the principles and standards for determining costs for Federal awards carried out through grants, cost reimbursement contracts, and other agreements with State and Local governments. The Circular is issued by the Office of Management and Budget, an Executive Office of the President of the United States.

G. “Cost Accounting Standards” (CAS) are issued by the Cost Accounting Standards Board (CASB), a section of the Office of Federal Procurement Policy within the U.S. Office of Management and Budget. The CASB has the exclusive authority to issue and amend cost accounting standards and interpretations designed to achieve uniformity and consistency in the cost accounting practices governing the measurement, assignment, and allocation of costs to contracts that involve Federal funds. The CAS are codified at 48 CFR Chapter 99.

H. A “Cost Allocation Plan” (CAP) is a series of documents that summarizes, in writing, the methods and procedures that an organization will use to allocate costs to various programs, grants, contracts and agreements. It includes, but is not limited to, a “Statement of Direct Labor, Fringe Benefits, and General Overhead”. In this circular, the term “Indirect Cost Rate Proposal” is used synonymously with “Cost Allocation Plan.”

I. The “Indirect Cost Rate” is the total of all indirect costs (e.g., indirect labor, indirect labor fringe benefits, building occupancy costs, miscellaneous materials and supplies, equipment, etc.) divided by either: a) direct labor costs or b) direct labor costs plus direct labor fringe benefits costs.

J. “Cognizant Agency” refers to the Federal Agency responsible for negotiating and approving indirect cost rates for an organization on behalf of all Federal agencies that provide funds to that organization.
