

State Project No. H.004825  
Widening LA 28 East From  
Libuse to Holloway  
Route LA 28  
Rapides Parish

Q1. In reviewing the RFQ for the referenced project, will the consultant be required to conduct an Environmental Inventory? On Page 2, it states that a Stage 0 Study has previously been conducted which includes an Environmental Inventory; however, in the Logical Termini section it states that the consultant will be required to conduct an Environmental Inventory.

A1. FHWA requested that the logical terminus be expanded beyond the construction area because it is anticipated that LA 28 will be widened to US 84 in the future.
